4. Details of our assessment

Attended this site on the 03/02/2023 to carry out a routine inspection in regards to the sheep dip permit.

Arrived at site and was met by Mr Pugh and Adam Lewis, Storage facility inspected and was compliant.

Mobile sheep dipping shower looked around and was in good working order, with no signs of poor maintenance.

Recording keeping needs improving as details of dipping dates and disposal rate only currently written in Mr Lewis's diary, I would advise that a form is produced with details from

permit condition 4.1 and Mr Pugh to have control of this document stored in a safe place and completed when required with details within the permit conditions.
Disposal location seen and have no concerns.

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.
