Dear Elisabeth,

Re: Permit Condition 4.14 and 2.8.1 Permit no. MP3431SP

4.1.4 Annual; review of Fugitive emissions

I can confirm that there were no fugitive emissions from our site in 2018.

2.8.1 Accident prevention and control (biennial review)

I am please to report that there have been no accidents having environmental implications during 2017 or 2018. We have reviewed our accident management plans described in pages 29-30 of our application and have not found any reasons to alter them.

Yours sincerely,

David Randall
