Hi Gareth

Further to our conversation where you were querying the closest Welsh Water foul sewer to 1 Raglan Terrace, I can confirm that according to our asset plans, the closest foul sewer would appear to be within the footpath to the front of 9 De Cantelupe Close NP7 9JB at a distance of approximately 85m in a North Easterly direction.

Dwr Cymru Cyf gives this information as to the position of its underground apparatus by way of general guidance only on the strict understanding that it is based on the best information available and no warranty as to its correctness is relied upon in the event of excavations or other works made in the vicinity of the Company's apparatus and any onus of locating the apparatus before carrying out any excavations rests entirely on you.

Many thanks

Chris Trower
