Dear Sir / Madam

WARNING LETTER

Breach of Environmental Permit EPR- AB3090CC
Argoed Farm Anaerobic Digestion Plant, Trefeglwys, Powys, SY17 5QT

Natural Resources Wales believes that the company has committed the following offence:

Offence: Regulation 38(2) of the Environmental Permitting Regulations 2016

As an operator of an Environment Permit, you failed to comply with a condition of the said permit.

Date: On 13 July 2022

We have issued this **warning letter** as a response to the above offences on this occasion, however, our decision could change if any further relevant information comes to light, including, but not restricted to, information that:

- the company has committed earlier offences;
- the environmental impacts of these offence(s) are greater than we presently understand them;
- the offences are continuing or have been repeated;
- the company has committed other offences of which we are presently unaware.

We will take these offences into account if we consider that the company is involved in any future offending.

This warning does not:

- prevent any other prosecuting authority taking action against the company or

- affect our right to issue enforcement, clear-up or remediation notices; or seek recovery of costs or damages according to law.

You should also be aware that under the Landfill Disposal Tax (Wales) Act 2017 (LDTA), certain disposals of waste, made at a place other than an authorised landfill site (unauthorised disposals) are subject to landfill disposal tax. This tax is collected and managed by the Welsh Revenue Authority (WRA). Under Section 60 of this Act, Natural Resources Wales may share information with WRA to assist in the collection and management of this tax, and therefore WRA may consider landfill disposal tax to be chargeable in this case.

If you wish to complain about the manner in which the investigation has been conducted, our complaints procedure can be found on the Natural Resources Wales website.

Yours faithfully

Jeremy Goddard
