

Reg. Customer No: CUS259800

Date: 27/04/2023

Dear Tammy Brisbane,

**Environmental Permitting (England and Wales) Regulations 2010  
Registering an exempt Water Discharge Activity**

**Application Ref:** NRW-WQE085814

**Location:** Black Meadows, Leeswood, Mold, Flintshire, ch74sq

**NGR:** SJ 26399 59695

Thank you for sending us the details for your proposed registration.

Unfortunately your discharge cannot be registered as exempt from requiring an environmental permit. This is for the following reason(s):

- The location is too close to a sensitive environmental site, which might be damaged by the discharge.

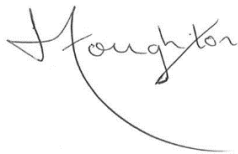

If you still wish to make a discharge at this location, you need to make a full application for an Environmental Permit so that we can consider the site-specific circumstances. We may then be able to permit the discharge, subject to particular conditions that would protect the environment. But we might have to refuse a permit in this location, if in spite of any special conditions, a discharge could damage the environment.

Please read our guidance at:

<https://naturalresources.wales/permits-and-permissions/water-discharges-and-septic-tanks/what-to-do-if-you-have-been-refused-a-registration-for-a-septic-tank-or-private-sewage-treatment-system/?lang=en>

If you require any assistance, please contact the Customer Hub on 0300 065 3000 (Mon-Fri, 9am - 5pm).

Yours sincerely

Helen Florek-Oughton
