Section 1 – Compliance Assessment Summary

This is based on the requirements of the permit under the Environmental Permitting Regulations or the licence under the Water Resources Act 1991 as amended by the Water Act 2003. A detailed explanation is captured in "Compliance Assessment Report Detail" (Section 2) and any actions you may need to take are given in the "Action(s)" (section 4). This summary details where we believe any non-compliance with the permit has occurred, the relevant condition and how the non-compliance has been categorised using our Compliance Classification Scheme (CCS). CCS Scores can be consolidated or suspended where appropriate, to reflect the impact of some non-compliances more accurately. For more details of our CCS scheme, contact your local office.

Permit conditions and compliance summary	CCS Category	Condition(s) breached
--	--------------	-----------------------

KEY: See Section 5 for breach categories, suspended scores will be indicated as such.

A = Assessed or assessed in part (no evidence of non-compliance), **X** = Action only,

O = Ongoing non-compliance, not scored.

Number of breaches recorded	0	Total compliance score (see section 5 for scoring scheme)	0
------------------------------------	----------	---	----------

If the Number of breaches recorded is greater than zero, please see Section 3 for our proposed enforcement response

Section 2 – Compliance Assessment Report Detail

This section contains a report of our findings and will usually include information on:

- The part(s) of the permit that were assessed (eg. Maintenance, training, combustion plant, etc)
- Where the type of assessment was 'Data Review' details of the report/results triggering the assessment
- Any non-compliances identified
- Any non-compliances with directly applicable legislation
- Details of any multiple non-compliances
- Information on the compliance score accrued inc.
- Details of advice given
- Any other areas of concern
- Any actions requested
- Any examples of good practice
- A reference to photos taken

Thank you for your time during the Intensive Poultry Inspection on 25/02/2019.

The inspection will be recorded as a compliant inspection however there are a number items of paperwork as discussed that need to be brought up to date and put in place.

Assessment Form -

Q2 - Your HR officer is currently working on putting in place HR folders for all staff that work on the unit, this will include all training records, responsibilities for environmental compliance, and then keep updated.

Q4 - Discussed. Even if no complaints are made about the site, please update the complaints log. For example, "No complaints in 2017".

Q5 – Training, as mentioned above, HR officer is currently working on putting in place HR folders for all staff. Staff and contractors on site to all receive training as needed, this will be recorded.

Q6 – HR Officer has produced the Accident Management Plan, this will be signed off by Mr M Evans in due course. Details of site locations and contacts of all emergency services and pollution remediation contractors should be displayed. This should be located in a position for all to have access. **raw materials list to be added.

Q8 – The raw materials list should be appended to the accident management plan – All materials to be listed. Action for HR officer.

Q11 – Variation submitted to increase bird numbers.

Q19 – Site closure plan – No plan in place, please ensure plan takes account of pollution risks that may arise, and the responsible person named in the records.

Q20 - Even if no odour complaints are made about the site, please update the complaints log. For

example, "No complaints in 2017".

Q21 - Even if no noise complaints are made about the site, please update the complaints log. For example, "No complaints in 2017".

Best practise - clean and dirty water drains can be identified with blue (clean) and red (dirty) paint and marked on your Accident Management Plan. If possible identify with a coloured arrow to show when the diverter valve is in the blue position (clean) and red position (dirty) paint.

Advisory points –

Feed silos - As discussed on site, all storage vessels for foodstuff should be protected from collision damage including the silo that contains the starter feed for the chicks.

Site Closure Plan - As discussed on site, no plan in place at present, please ensure plan takes account of pollution risks that may arise, and the responsible person named in the records, illustrate how the site would be decommissioned and return to a satisfactory state.

Whilst we would expect to see the above in place by our next visit please endeavour to make these improvements without delay.

Section 3 – Enforcement Response

You must take immediate action to rectify any non-compliance and prevent repetition. Non-compliance with your permit conditions constitutes an offence and can result in criminal prosecutions and/or suspension or revocation of a permit. Please read the detailed assessment in Section 2 and the steps you need to take in Section 4 below.

Section 4 – Action(s)

This section summarises the actions identified during the assessment along with the timescales for when they will need to be completed.

Criteria Ref.	CCS Category	Action required/advised	Due Date
See Section 1 above			

Section 5 – Compliance notes for the Operator

To ensure you correct actual or potential non-compliance we may

- Advise on corrective actions verbally or in writing
- Require you to take specific actions verbally or in writing
- Issue a notice
- Require you to review your procedures or management system
- Change some of the conditions of your permit
- Decide to undertake a full review of your permit

Any breach of a permit condition is an offence and we may take legal action against you

- We will normally provide advice and guidance to assist you to come back into compliance either after an offence is committed or where we consider that an offence is likely to be committed. This is without prejudice to any other enforcement response that we consider may be required.
- Enforcement action can include the issue of a formal caution, prosecution, the service of a notice and/or suspension or revocation of the permit.

See our Enforcement and Civil Sanctions guidance for further information

This report does not relieve the site operator of the responsibility to

- Ensure you comply with the conditions of the permit at all times and prevent pollution of the environment
- Ensure you comply with other legislative provisions which may apply
