Name of contact or individual (if different)	Paul Clement
Position in company	Survey Manager
Address (provide registered company address if applicable)	Quayside Suite Medina Chambers Southampton
Postcode	SO14 2AQ
Telephone number	02380711886
Email address	paul.clement@abpmer.co.uk

Details of agent, contractor, vehicles and/or vessels used to carry out works

Agent details

This is who we will correspond with unless otherwise informed. If no agent is identified we will contact the applicant.

Title	Miss
Full name	Katherine McGregor
Company or trading name	Marine Ecologist
Company Registration Number (if applicable)	Marine Ecologist
Name of contact or individual (if different)	Katherine McGregor
Position in company	Marine Ecologist
Address (provide registered company address if applicable)	Quayside Suite Medina Chambers Southampton
Postcode	SO14 2AQ
Telephone number	-
Email address	katherine.mcgregor@abpmer.co.uk

Does the applicant wish to be included in all correspondence?

Yes

Will the works require the use of vessels?

Yes

Will the works require the use of any vehicles?

No

Proposed project details

Licensable period

Determination of applications will be based on the works taking place during these dates. Please ensure you have included an adequate contingency period. If works are not completed by the requested licence expiry date you may be required to submit a new application. Including a contingency period within your original application does not impact on the licence fee.

Start date (DD/MM/YYYY) 12/06/2022

Requested licence expiry date (DD/MM/YYYY) 12/12/2022

Please detail the location of the proposed project.

This should be either Ordnance Survey National Grid Reference (i.e. SN 12345 67890) or Latitude and Longitude in decimal degrees to 4 decimal places (i.e. Lat 52.1234 Long -4.1234), defining the extent of the project. Please specify which coordinate system has been used and if using GIS co-ordinates, specify which projection has been used.

Method statement

Are the works within a sensitive area or one of the following activities: boreholes, replacement piles or beach management?

No

Method statement

You can upload your method statement here or fill in the questions below.

- File: Method statement Port Talbot grab sampling.pdf - [Download](#)

Please give a brief method statement outlining the proposed project

Please see attached.

Please state the measures to be taken to minimise risk to the marine environment

The sampling area is within the Port and will be undertaken with full permission and necessary notifications to undertake the survey. The survey vessel will also adhere to all navigational guidelines and regulations set by ABP as the Statutory Harbour Authority to maintain navigational safety. A risk assessment will be placed for these works.

Please state the measures to be taken to prevent undue interference to others

The survey vessel will also adhere to all navigational guidelines and regulations set by ABP as the Statutory Harbour Authority to maintain navigational safety. A risk assessment will be placed for these works.

Please state the measures to be taken to maintain navigational safety, including marking and lighting of works

The survey vessel will also adhere to all navigational guidelines and regulations set by ABP as the Statutory Harbour Authority to maintain navigational safety. A risk assessment will be placed for these works.

Materials of the project

Description of materials to be deposited seaward of Mean High Water Springs (MHWS) (Please tick all that apply)

Other (please provide a description of materials):
N/A

Delivery method of materials to site

If sea delivery, details of vessels to be used with a chart of proposed route and transshipment area is required. If delivery is by vehicle, the details about the proposed access route are required. Please indicate if you are providing details in a separate file.

N/A.

Will the works involve removals seaward of MHWS?

Yes

Description of materials to be removed seaward of MHWS (Please tick all that apply)

Silt

Gravel

Sand

Description of objects/materials to be removed seaward of MHWS, including quantities to be removed.

Grab samples will remove sea bed material, expected to be silt, gravel and sand. Expected quantity will be 0.1 m² per grab.

Additional information

Please provide the following:

You must include a suitably scaled extract of an Ordnance Survey Map or Admiralty Chart with location of project complete with north arrow and scale

You must include details of correspondence with MCA, Trinity House and The Crown Estate

Correspondence with RCAHWW (B1 removals only)

Please upload these below

- File: Method statement Port Talbot grab sampling.pdf - [Download](#)
- File: Correspondence emails TrinityHouse, CPAT, Crown Estate, MCA.docx - [Download](#)

Please list below all supporting documents that have been submitted with this application.

Please see attached for survey map.

Please see attached emails to MCA, Trinity House, CPAT and The Crown Estate.

Please see attached email to The Crown Estate, we have searched The Crown Estate Coastal Title and Ownership Viewer, however, we do not believe The Crown Estate own the land we will be planning to survey in, although, confirmation has been sought.

Statutory powers

Does the applicant have statutory powers to consent any aspect of the project? e.g. coast protection authority, dredging powers, statutory undertakers

No

Public register
