5. POLLUTION PREVENTION EQUIPMENT INVENTORY

Type	Location	Amount	Staff contact
Spill kit	Adjacent to diesel tank	Variable amount but, sufficient equipment to manage 110 litres	01597 810754
Spill kit	Adjacent to garden waste bay	Variable amount but, sufficient equipment to manage 110 litres	01597 810754

6. INCIDENT RESPONSE PROCEDURES

Instructions for Dealing with a Fuel Spill

1. If the fuel spill is large, evacuate the buildings by triggering the fire alarm. Contact the emergency services by dialling 999, and retreat to a safe distance. **DO NOT PUT YOURSELF AT RISK.** When safe to do so, contact the Helpdesk on 0845 607 6060 who will inform the relevant operations manager or duty manager (*if out of office hours*).
2. Do **NOT** attempt to hose down the spill or disperse it with detergent.
3. If the fuel spill is small – less than 90 litres (20 gallons) – locate the fuel spill kit. This is kept close to the fuel tank in a container marked “**OIL SPILL RESPONSE KIT**”.
4. Open the kit and put on the protective gloves. Use the pillows/granules to mop up the spill, always following the manufacturers’ instructions.
5. Place the used pillows/granules in the polythene bags provided and put the bags in a safe place.
6. Contact the Depot Manager who will arrange for a specialist waste contractor to dispose of them.
7. Contact the Building Co-ordinator who will inform the relevant operations manager or duty manager (*if out of office hours*) of the incident.
8. If they are unavailable contact the Helpdesk on 0845 607 6060, who will inform the relevant operations manager or duty manager (*if out of office hours*) of the incident.

FIRE

Emergency procedures already in existence and organised via Dyfed Alarms -
- 01752 512 151 (office hours)
- 08707 272 819 (out of hours)

If fire alarm is activated, Dyfed Alarms will contact PCC and instruct Fire Service. PCC will also be contacted via Delta call centre who contact PCC out of hours service.

INTRUDER

24 CCTV cameras in operation covering the whole site. Well-lit with sufficient lighting. No intruder alarms on site
