Dear Mr Wright

**We need more information about your application**

**Application reference: PAN-022066**

**Operator: Airbus Operations Ltd.**

**Facility: Broughton Aircraft Factory, Chester Road, Broughton, Flintshire, CH4 0DR**

Thank you for your application received on 16/05/2023.

We have completed an initial assessment of your application and have taken the view that the changes you wish to make at the site constitute a 'normal' variation to Airbus's environmental permit. Unfortunately, the fee you sent is incorrect, as it is based on the incorrect charge multiplier. Please send a cheque for £172 made payable to 'Natural Resources Wales' or contact me to arrange to pay by credit/debit card.

I also need to ask you for some more information before I can do any more work on it, as follows:

- Please would you provide a site plan that shows the locations of the emission points for the proposed two new spray booths. This plan does not need to show the site in its entirety (given the scale of the site), but does need to show the emission point locations in the context of the existing site structures to enable the locations to be identified easily; and
- Please would you provide an updated OPRA spreadsheet.

Please reply within 10 working days from the date of this letter. If we don't hear from you we must return your application and fee.

If you email or write to us please quote the application reference PAN-022066 on any correspondence and send it to the relevant address below.

When we receive the missing items we'll continue to check the details in your application. If there's enough there for us to begin the process of deciding whether or not we can grant your application we say the application is 'duly made' and we'll let you know this by letter.
