Introductory note

This introductory note does not form a part of the notice.

The following notice gives notice of the variation of an environmental permit.

This variation changes the permit from a standard rules SR2008 No3 and SR2012 No14 permit to a Tier 3 bespoke permit for a

- mixed metal waste treatment facility, including end-of-life vehicle (ELV) de-pollution; and
- household, commercial and industrial waste transfer station with treatment

This includes a reduction in the number of waste codes accepted, an increase in the annual tonnage and the addition of shredding metals outside.

The schedules specify the changes made to the permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
