Does the applicant wish to be included in all correspondence?

Yes

Will the works require the use of vessels?

No

Will the works require the use of any vehicles?

No

Proposed project details

Licensable period

Determination of applications will be based on the works taking place during these dates. Please ensure you have included an adequate contingency period. If works are not completed by the requested licence expiry date you may be required to submit a new application. Including a contingency period within your original application does not impact on the licence fee.

Start date (DD/MM/YYYY) 04/08/2023

Requested licence expiry date (DD/MM/YYYY) 09/08/2023

Please detail the location of the proposed project.

This should be either Ordnance Survey National Grid Reference (i.e. SN 12345 67890) or Latitude and Longitude in decimal degrees to 4 decimal places (i.e. Lat 52.1234 Long -4.1234), defining the extent of the project. Please specify which coordinate system has been used and if using GIS co-ordinates, specify which projection has been used.

OS Reference Polygon;

SH 79605 72422

SH 79600 72413

SH 79590 72414

SH 79593 72423

Method statement

Are the works within a sensitive area or one of the following activities: boreholes, replacement piles or beach management?

No

Method statement

Please give a brief method statement outlining the proposed project

Works are to undertake standard masonry repairs to the structure, access will be from Rail via rope access to the stone pitching invert below. Repairs are to ensure no further damage takes place whilst a more permeant solution can be sought.

All repairs to be carried out within the footprint of the existing structure.

No methodology has been produced for these works at this time, as advised not required by Marine Licencing, however detailed task brief sheet will be issued to NRW 2 weeks prior to works commencing.

Please state the measures to be taken to minimise risk to the marine environment

N/A - will be detailed within detailed TBS to be issued prior to works commencing. We are also happy to implement an measures suggested by NRW.

Please state the measures to be taken to prevent undue interference to others

N/A

Please state the measures to be taken to maintain navigational safety, including marking and lighting of works

N/A

Materials of the project

Will the works involve removals seaward of MHWS?

No

Additional information

Please provide the following:

You must include a suitably scaled extract of an Ordnance Survey Map or Admiralty Chart with location of project complete with north arrow and scale

If applicable, any construction plans and sectional drawings showing those proposed works below/seaward of MHWS, which should give details of the materials to be used (for beach replenishment the quantity, particle size and source of material to be deposited and deposit location is also required)
