Dear Mrs Louise Bridges,

MARINE AND COASTAL ACCESS ACT 2009: PART 4 – MARINE LICENSING

LICENCE FOR MARINE SURVEY & SITE INVESTIGATION WORKS SOBR1

LICENCE NUMBER: RML2341

I am writing to advise you that the Marine Licensing Team, on behalf of the Welsh Ministers, as Licensing Authority, has considered your application, dated **21 July 2023** for a Marine Licence under Part 4 of the Marine and Coastal Access Act 2009, and hereby grant a Marine Licence for you to undertake the above stated works.

Accordingly, please find attached for your review and retention a copy of Marine Licence **RML2341** and its conditions.

Advisory Note

Marine Licence **RML2341**, constitutes a statutory consent; therefore the conditions set out herein must be complied with in full and will be binding upon any agent or contractor who undertakes any activity on the project on your behalf.

You are urged to read the conditions of Marine Licence **RML2341** carefully, in particular the need to advise Welsh Government Marine Enforcement Officers of the commencement of works within **5 days** prior to work starting.

Marine Licence, **RML2341** is solely granted for the work to be undertaken at SOBR1, however, it does not absolve you from applying for further consents or licences as necessary to enable the full completion of your project.

Please note that the Natural Resources Wales Pembrokeshire Environment Team have advised that:

- the trench excavation on Newgale beach should be carried out, outside of the bathing water season (before 1st May and after 30th September) so as to reduce any risk to bathing water quality (bacteria and turbidity). The team take water quality

samples during the bathing season, and any non-compliant sample (e.g. high levels of bacteria) that potentially affects the status of the bathing water would have to be formally investigated, so any potential sources should be minimised where possible.

- the contractors should email the Pembrokeshire Environment Team inbox (pembsdistrictteam@cyfoethnaturiolcymru.gov.uk) to notify them just before the works start so as to keep the standby duty officer informed

If the works authorised by this Licence are unlikely to be completed by the expiry date, the Licence Holder should apply for a replacement marine licence **at least 4 months** prior to the expiry date of this Licence.

Should you require clarification as to the reasons for the inclusion of any of the conditions attached to the Licence then you must request written notice within **28 days** of the receipt of this letter.
