Dear Angharad,

Thank you for the information regarding the proposed Repair to damaged slipway in Lower Town, Fishguard.

We note that the works comprise removal and replacement of a damaged slipway.

On the understanding that the following takes place, the MCA would have no significant concerns to raise with regards to the safety of navigation and would be satisfied that the risk is relatively low on this occasion:

1. All maritime safety legislation is complied with;
2. Local notification is issued to marine users, including fishermen's organisations, relevant authorities and other local stakeholders, to ensure that they are made fully aware of the activity at least five days before commencement of the works;
3. Zone29@hmcg.gov.uk must be notified prior to commencement of activities.

Please can you confirm that you accept the above risk mitigations?

Kind regards,

Jo Cooke

The process for dealing with Infoline emails has changed. Emails will still be forwarded to you for your action, and we are still happy to re direct if we have sent them to the incorrect department. If we have got it wrong any suggestions as to where we might redirect to would be gratefully received. If you redirect the email yourself, please can you cc Infoline so that our log shows where the email ended up in case of follow up enquiries.

Departments within the MCA have response targets (usually 10 working days), so we are taking out the requirement to include Infoline in your reply.

For information, emails to Infoline are logged and filed. After 6 months the log sheet and emails are deleted.

Regards
Infoline

The information in this email may be confidential or otherwise protected by law. If you received it in error, please let us know by return e-mail and then delete it immediately, without printing or passing it on to anybody else.

Incoming and outgoing e-mail messages are routinely monitored for compliance with our policy on the use of electronic communications and for other lawful purposes.
