### 4. Details of our assessment

*This report is also linked to the inspection of permit BP0287801 undertaken during the same visit - Ref: 2023 05 12 BP0287801 Compliance report CAR\_NRW0042242-Baglan SPS LSO BW Insp*

12/05/2023 Officers visited site with MEI Supervisor Mike Jones. At the time of inspection officers did not observe any non compliances relating to permit BP0287901.

The majority of discussions and issues related to conditions in permit BP0287801 however it was noted that this discharge (BP0287901) is operational with some regularity and remains unscreened. While not required by the current permit, Officers would welcome

discussions around improving this discharge with the benefit of screening.

Officers also request a further years historical EDM data for this discharge (as previously provided) to further our understanding of its operation and likely impact on the environment.

The data requested should in both the summary block counting and 15 minute interval formats for a period of two years.

Please provide this information on or before 25/09/2023.

ENDS.

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.

## Important information

### Legal status of this report

Your permit is issued to you under the Environmental Permitting Regulations. You have a responsibility to comply with the conditions of your permit and prevent pollution/harm to the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice
- review the conditions of your permit.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

### Assessment results and non-compliance categories (used in section 1):

Assessment result	Description
Assessed (A)	Assessed or assessed in part, no evidence of non-compliance found
Action only (X)	Action only relating to the activity assessment
Ongoing (O)	Ongoing non-compliance, not scored

Non-compliance category	Description
C1 Major	Potential to have a major, serious, persistent and/or extensive impact or effect on the environment, people and/or property
C2 Significant	Potential to have a significant impact or effect on the environment, people and/or property
C3 Minor	Potential to have a minor or minimal impact or effect on the environment, people and/or property
C4 No environmental impact	Non-compliance at a regulated site that cannot foreseeably have any impact on the environment, people and/or property

### If your assessment result in Section 1 is suspended, what does this mean?

In line with our guidance, we may suspend non-compliance for up to six months to allow time for remedial action to be taken. These will be re-instated if the action is not completed.
