Data Protection Act 2018

The information provided by you will be processed by Natural Resources Wales in line with the Data Protection Principles to enable us to deal with your abstraction return, to monitor compliance with the licence conditions, to process renewals, and for maintaining the relevant public register.

We may process and/or disclose the information in connection with the following:

- Consultation with third parties who are relevant and responsible for responding to consultation requests from NRW
- Prevent and investigate possible breaches of environmental law and taking any resulting action
- Responding to requests for information under the Freedom of Information Act 2000 and the Environmental Information Regulations 2004, where the Data Protection Act allows
- Carrying out statistical analysis, research and development on environmental issues
