

## APPLICATION FOR A MARINE LICENCE FOR MARINE WORKS

**Marine Works include, but are not limited to, coast defences, beneficial uses of dredged materials, subsea cables, pontoons, jetties, land reclamation, grab samples and outfall pipes under the Marine and Coastal Access Act 2009**

Please read the notes carefully before completing the form.

- The Marine Licensing Team (MLT) administers Part 4 of the Marine and Coastal Access Act 2009 on behalf of the Licensing Authority, the Welsh Ministers.
- The completed application form must be accompanied by a location plan and, where appropriate, descriptive drawing(s) and any supporting environmental assessments. One completed hard copy of the application and supporting documents will always be required. Additional copies are required for consultation purposes.
  - For application and supporting documents less than 10MB we can accept an additional copy via email.
  - For applications larger than 10MB **16** additional copies in CD/DVD format will be required
  - When applications and supporting documents are hard copy only **16** copies will be required.
- Please submit applications to the **Permit Receipt Centre** via the details at the top of this form
- Please submit marine licence applications, including this form and all supporting documents, **at least 4 months before the licence is required.**

**Some projects may raise matters that require a significantly longer time for consideration.** These are most likely to be:

- Projects that fall **within** The Marine Works (Environmental Impact Assessment) Regulations 2007 – as amended requiring an Environmental Statement
- Large scale projects with substantial volumes of material being deposited or excavated
- Works requiring an Appropriate Assessment to be conducted under The Conservation of Habitats and Species Regulations 2017.
- Information should be provided about the anticipated **duration of the entire project** in respect of works below/seaward of Mean High Water Spring (MHWS). Where appropriate, planned phasing of the work for which consent is sought must be detailed. For projects lasting more than one calendar year, planned phasing details must be given for each 12 month period.

A licence fee is payable in respect of an application. Details of fees can be found on our web pages.

**Please note applications will not be processed without the correct relevant fee or invoicing details.**

- Payments can be made via Cheque, BACS or credit/debit card.
  - Cheques should be crossed and made payable to **Natural Resources Wales.**
  - For BACS payments ensure you provide the reference number (not remittance number)

- For credit/debit card payments please complete the CC1 form and submit with the application. The CC1 form can be found on our web pages

Further information on payment methods can be found on our web pages

- **All activities need to comply with the Water Framework Directive (WFD). The framework and guidance can be found on the Natural Resources Wales website, <http://naturalresources.wales>. The results of your WFD assessment must be attached to your marine licence application.**
- Please answer all questions. If any information is not available at the time of application please indicate in the relevant section, giving reasoning in a covering letter. Outstanding details must be submitted as soon as possible. Any delay in forwarding details is likely to result in delays in determining your application.

**Your application may not be considered complete and therefore not processed until key information has been submitted. Your application may be returned if you fail to submit outstanding information within given timescales.**

- Please note any licence may have conditions that must be discharged before works can commence. This will take additional time.
- If you have any queries with regards to completing this application please contact the MLT: [marinelicensing@naturalresourceswales.gov.uk](mailto:marinelicensing@naturalresourceswales.gov.uk)

### How your application will be processed by the MLT:

- Submit all application to the **Permit Receipt Centre** via the details at the top of this form.
- Checked and acknowledged by the MLT within 21 days of receipt of application and payment
- If the application is complete and no further information is needed at this time, your application will be placed in a work queue to be assigned a permitting officer
- If the application is not complete, further information will be request and need to be provided before the application can be considered as complete
- Our **4 months** service level for determining non-EIA applications will begin from the date the **completed** application is received (*Please note some projects may take significantly longer than 4 months to determine due to their nature*)
- EIA projects may take significantly longer due to their scale and complexity. Therefore we encourage early engagement with the MLT
- Your application and supporting documents will be sent to for an initial consultation period of 28 days (*42 days for EIA projects*)
- For the majority of projects, a public notice must be advertised. Public consultation will be 28 days (*49 days for EIA projects*).  
For EIA projects a second public notice will be required. The MLT will advise on how this should be done.
- Responses to consultation will be considered and additional information requested at this time, if necessary.

- A decision on your Marine Licence Application will be made

All information submitted may be referred to within a licence, therefore all works must be in accordance with this information, unless otherwise agreed with NRW acting on behalf of the Licensing Authority during the determination process.

**It is the responsibility of the applicant to obtain any other consents/authorisations that may be required.**

### Application Form Structure

1. Project Description and Cost
2. Applicant Details
3. Details of Agent, Contractor, Vehicles and/or Vessels used to carry out works
4. Environmental Impact Assessment (EIA)
5. Licensable Period
6. Project Description
7. Methods Statement
8. Materials of Project
9. Beach Replenishment, Land Reclamation or Salt Marsh Feeding
10. Temporary Works
11. Dredge and Disposal of Dredge Material
12. Protected Sites
13. Other Consents
14. Statutory Powers
15. Public Register
16. Application Fee
17. Declaration

### Check List

Please ensure that you have included all the necessary information before you submit your application. **If any of the below are not completed in the application form, the application is likely to be considered incomplete and may be returned to you**

Item	Yes (✓)
The applicant is a legal entity?	
The declaration is signed by the applicant?	
Is the application fee correct?	
Are the grid references/coordinates correct?	
Do the coordinates match map locations?	
Have all the relevant supporting documents been submitted?	
Has a clear methodology been provided in the application form?	
Has Protected sites information been included?	
Has a Water Framework Directive (WFD) assessment been submitted?	
Are all the continuation sheets for application questions appended with correct corresponding numbers?	

**Should you have any queries regarding your application please contact the MLT via [marinelicensing@naturalresourceswales.gov.uk](mailto:marinelicensing@naturalresourceswales.gov.uk)**

## 1. Project Description and Cost

### 1 (a). Project Name

Afon Wen Sheet Pile Repairs

### 1(b). Please provide a brief description of the proposed project, including location

Due to a large storm event, some of the sheet piles installed at Afon Wen sea wall have become dislodged, exposing a void within the concrete protection for the sea wall, and exposing Network Rail infrastructure.

- Grouting of the void behind the sheet piles
- Reinstallation of the existing sheet piles
- Bolting of sheet piles to the concrete protection
- Installation of large rock armour in front of sheet piles

### 1(c). Please provide an estimated gross cost of the project (Inc. materials and labour) for works that fall below/seaward of Mean High Water Springs (MHWS)

£65,291.31

## 2. Applicant Details

To whom the licence will be issued. *This must be a legal entity such as an individual, registered company/ charity or public body.*

Title

Mr

Full Name

Daniel Overson

Company or Trading Name

MPH Construction

Company Registration Number (if applicable)

01141925

Name of Contact or individual (if different)

Position in Company

Quantity Surveyor

Address inc. postcode (provide registered Company address if applicable)

Bromfield House, Bromfield Industrial Estate, Queens Ln, Mold, CH7 1XB.

Telephone Number

07780612635

Email Address

danieloverson@mphconstruction.co.uk

### 3. Details of Agent, Contractor, Vehicles and/or Vessels used to carry out works

#### 3(a). Agent Details

*This is who we will correspond with unless otherwise informed. If no agent we will contact the applicant.*

Title  Full Name

Company or Trading Name

Company Registration Number (if applicable)

Name of Contact or individual (if different)

Position in Company

Address (Inc. postcode)

Telephone Number

Email Address

3(b). Does the Applicant wish to be included in all correspondence? Yes ☒ No ☐

#### 3(c). Contractor Details

In order for contractors to benefit from the licence permission, details must be provided. Any details not provided with application must be confirmed before operations commence.

Contractor Company or Trading Name	Address
MPH Construction	Bromfield House, Bromfield Industrial Estate, Queens Ln, Mold, CH7 1XB.

**3(d). Will the works require the use of vessels?**

Yes ☐ No ☒

**3(d) (i). Vessel Details (if applicable and available)**

In order for contractors to benefit from the licence permission, details must be provided.

*Any details not provided with application must be confirmed before operations commence.*

Operator	Name of Vessel	Type of Vessel	Vessel Registration Number	Country of Registration

**3(e). Will the works require the use of vehicle?**

Yes ☒

No

☐

**3(e) (i). Vehicle Details (if applicable and available) to be used below MHWS**

In order for contractors to benefit from the licence permission, details must be provided.

*Any details not provided with application must be confirmed before operations commence.*

Operator	Type/Description of Vehicle
MPH Construction	13t Excavator
MPH Construction	6t Dumper

**3(f). If the contractor or vessels or vehicles are not known at the application stage, when do you expect to provide these details?**

*These details will need to be confirmed prior to the licence and operations commencement*

N/A

#### 4. Environmental Impact Assessment (EIA)

Certain projects, due to their scale, location and/or nature, may require an EIA under the Environmental Impact Assessment Directive (Directive 85/337/EEC – as amended). If a project qualifies under EIA, an Environmental Statement (ES) must be prepared and submitted with the application.

Projects that fall within Annex I of the Directive automatically require an EIA. Projects that fall within Annex II of the Directive are assessed on a case-by-case basis for the requirement for an EIA to be undertaken.

**4(a). Do you consider the works to be under the Environmental Impact Assessment Directive (Directive 85/337/EEC – as amended)?** Yes ☐ No ☒

**4(a) (i) If Yes, which Annex does the proposal fall under?** Annex I ☐ Annex II ☐

**4(a) (ii) Which number(s) within the Annex does the proposal relate to?**

**4(b). Have you applied for a screening or scoping opinion from the MLT under the Marine Works (Environmental Impact Assessment) Regulations 2007 (as amended)?** Yes ☐ No ☒

**4(b) (i). If Yes, please provide the reference number**

**4(c). Has an Environmental Impact Assessment been undertaken?** Yes ☐ No ☒

**4(c)(i). If Yes, has an Environmental Statement been submitted to support this Marine Licence application?** Yes ☐ No ☒

**4(d). If an Environmental Impact Assessment has been undertaken, but an ES has not been submitted, please provide an explanation**

Please continue on a separate sheet if necessary. Please tick if you have done this ☐

#### 5. Licensable Period

Determination of applications will be based on the works taking place during these dates. Please ensure you have included an adequate contingency period. If works are not completed by the Requested Licence Expiry Date you may be required to submit a new

application. *Including a contingency period within your original application does not impact on Licence Fee*

Start Date 05/02/2023

Requested Licence Expiry Date 01/03/2023

*Please ensure you submit your application for a Marine Licence **at least 4 months** prior to the intended start date. Some projects, such as EIA projects, will take significantly longer to determine.*

## 6. Project Description

### 6(a). Please give a description of the proposed project.

This should include the purpose of the project, estimated timescales of construction and operation, and broken down by the phases of works, if applicable.

Details should include, but not be limited to, dimensions of project, quantity of material being deposited and removed.

The proposed works are required to repair damage caused to the sea defences at Afon Wen. Repeated exposure to storm wave activity has resulted in damage, and removal of several sheet piles that front the seawall. The loss of the sheet piles has opened up a series of voids below the concrete base of the seawall. This currently affects roughly a 10 m stretch of the sea defence.

The proposed works are planned to fill the void spaces with pumped concrete post to reinstating approximately eight sheet piles using a piling hammer positioned on the beach. The proposal is to then install rock armour in front of the piles to protect them from wave attack and limit movement in future.

Envisaged sequence of works is as follows:

1. Removal of existing sheet piles and demolition of concrete overhang.
2. Demarcation of voids beneath existing apron.
3. Installation of new sheet piles.
4. Concrete backfill in 0.5 m thick layers, waiting for curing between layers.
5. Grout injection into known voids through existing apron.
6. Placement of rock armour scour protection.

Full details of the proposed repairs are detailed on drawings

23162B-001\_B02 and 23162B-002\_B02

Please continue on a separate sheet if necessary. Please tick if you have done this ☐

**6(b). Please detail the location of the proposed construction project.**

This should be either Ordnance Survey National Grid Reference (i.e. AB 12345 67890) or Latitude and Longitude in decimal degrees to 4 decimal places (i.e. Lat 52.1234 Long - 4.1234), defining the extent of the project. **Please specify which coordinate system has been used.**

SH 44626 37154 and SH 45047 37218

Please continue on a separate sheet if necessary. Please tick if you have done this ☐

**6(c). The following must be provided with the completed application form:**

- (i) a suitably scaled extract of an Ordnance Survey Map or Admiralty Chart with location of project, complete with **North Arrow** and **Scale**
- (ii) construction plans and sectional drawings showing those proposed works below/seaward of MHWS, which should give details of the materials to be used (for beach replenishment the quantity, particle size and source of material to be deposited and deposit location is also required).
- (iii) a descriptive schematic drawing and suitably scaled location plan which show the full extent of the project clearly in relation to the surrounding area and features.

Please list below **all supporting documents** that have been submitted with this application, including suitable documents/maps/drawing titles and reference numbers

- 2023s0781 Afon Wen Seawall Defence PEA
- 23162B-FOG-001-A01
  - Drawing(s) detailed below included;*
  - 23162B-001\_B02
  - 23162B-002\_B02
- Afon Wen Seawall defence WFD Assessment
- Afon Wen Seawall Defence Works\_HRA
- afonwenseadefencewall12012023 – Scoping Report
- Coastal Asset Condition Survey Report
- 273503-1250-1054\_WAL\_MPH - Map

Please continue on a separate sheet if necessary. Please tick if you have done this ☐

The applicant should note that these drawings/plans may be copied to others as part of the MLT's consultation procedures. If they are subject to copyright, it is the **responsibility of**

the applicant to obtain the necessary approvals to reproduce the documents and to submit up to 16 copies with the application.

## 7. Methods Statement

### 7(a). Please provide a detailed method statement for the works

This must include methods for all works including temporary structures or deposits such as jetties, cofferdams, moorings or landing stages to be constructed seaward of MHWS

See separate document "Method Statement"

Please continue on a separate sheet if necessary. Please tick if you have done this ☐

### 7(b). Do you intend to undertake activities that could generate underwater noise?

This include piling, use of explosives, geophysical, acoustic deterrent devices and multibeam echosounders.

Yes ☐ No ☒

#### 7(b) (i). If Yes, what type(s) of activities will be undertaken?

**7(b) (ii). If Yes, approximately how many days will the activity be undertaken for?**

If Yes, you will be required to complete an additional form that will be provided.

**7(c). Please state the measures to be taken to:**

(i) Minimise risk to the marine environment

Covered under method statement

(ii) Prevent undue interference to others

Covered under method statement

(iii) Maintain navigational safety, including marking and lighting of works

Covered under method statement

Please continue on a separate sheet if necessary. Please tick if you have done this ☐

## 8. Materials of Project

**8(a). Description of materials to be deposited seaward of MHWS (Please tick all that apply)**

Timber	<input type="checkbox"/>	Iron/Steel	<input type="checkbox"/>	Concrete	<input checked="" type="checkbox"/>	Biocides/other chemicals	<input type="checkbox"/>
Silt	<input type="checkbox"/>	Stone/Rock	<input type="checkbox"/>	Gravel	<input type="checkbox"/>	Plastic/Synthetics	<input type="checkbox"/>
Sand	<input type="checkbox"/>	Other	<input type="checkbox"/>				

If other, please provide a description of materials.

Area is essentially directly on the MHWS border line - this will involve the deposition of concrete for new toe, once existing toe has been removed as well as sheet piles & grout backfill. Locally sourced rock armor is to be deposited, in front of newly installed sheet piles.

**8(b). Delivery method of materials to site**

If sea delivery, please include details of vessels to be used with a chart of proposed route and transshipment area. If vehicle delivery, please provide the proposed access route.

Area is essentially directly on the MHWS border line - this will involve the deposition of concrete for new toe, once existing toe has been removed as well as sheet piles & grout backfill.

Please continue on a separate sheet if necessary. Please tick if you have done this ☐

**8(c). Will the works involve removals seaward of MHWS?**

Yes ☒ No ☐

**8(c) (i). Description of materials to be removed seaward of MHWS (Please tick all that apply)**

Timber	<input type="checkbox"/>	Iron/Steel	<input checked="" type="checkbox"/>	Concrete	<input checked="" type="checkbox"/>	Biocides/other chemicals	<input type="checkbox"/>
Silt	<input type="checkbox"/>	Stone/Rock	<input type="checkbox"/>	Gravel	<input type="checkbox"/>	Plastic/Synthetics	<input type="checkbox"/>
Sand	<input type="checkbox"/>	Other	<input type="checkbox"/>				

**8(c) (ii). Description of objects/materials to be removed seaward of MHWS**

Including quantities to be removed.

As per the above, existing delapidated concrete toe is to be removed.

**9. Beach Replenishment, Land Reclamation or Salt Marsh Feeding**

For works involving any of the above, please provide the following information

**9(a). Is the material to be deposited like for like to existing material?** Yes ☒ No ☐**9(a)(i) If No for Beach Replenishment please provide justification why?****9(b). Description of material to be deposited**

Please provide the grading specification of materials to be used, if using a range of grain sizes please state the percentage by weight passing. *If unsure, please refer to the Wentworth Scale*

- C40 Marine Grade Concrete with Fibre Additive
- Stainless Steel Ties
- Re-use existing sheet piles where possible – new to be installed to match existing
- HD Rock Armor locally sourced (not limestone) – as per design drawings.

Please continue on a separate sheet if necessary. Please tick if you have done this ☐

**9(c). Source of the material to be deposited**

Including dredged or land based stating the origin of material

Undertermined at this stage

**9(d). Has the material been chemically analysed?**

Yes ☐ No ☒

If material has been analysed, we may request this information to determine the application

**9(d) (i) If Yes, is the analysis data been included with the application?** Yes ☐ No ☒

**10. Temporary Works**

**10(a). Will there be any temporary deposits below MHWS?**

Yes ☐ No ☒

This includes construction materials, removed objects/material, jetties or cofferdams

If **Yes**, please continue with section **10**

**10(b). Please provide the location of temporary deposits**

Please include a map/chart displaying the location of temporary deposits, if necessary.

N/A

**10(c). Description of temporary deposits**

N/A

Please continue on a separate sheet if necessary. Please tick if you have done this ☐

**11. Dredge and Disposal of Dredge Material**

If you are undertaking Dredge and Disposal activities please also complete the Dredge and Disposal application form and submit together.

11(a). Do you intend to apply for a marine licence to dispose of dredged material to sea as part of the works in this application? Yes ☐ No ☒

## 12. Protected Sites

Licensing Authorities have a duty to ensure that projects will **not have significant adverse environmental impact**, particularly on any designated **European Site of Conservation Importance - Special Areas of Conservation (SAC) and Special Protection Areas (SPA)**, listed under the **Habitats Directive (Council Directive 92/42/EEC on the conservation of natural habitats and of wild fauna and flora)**. In addition, it is Government Policy that Wetlands of International Importance (Ramsar sites) are also considered as European Sites. There is a duty to take reasonable steps to further the conservation and enhancement of nationally designated sites (Sites of Special Scientific Interest (SSSIs)).

12(a). Have you had pre-application correspondence with NRW, its legacy bodies or Natural England? Yes ☒ No ☐

12(a)(i). If Yes, please provide copies of correspondence with application and state which team(s) you have contacted?

Marine Licensing

12(b). Are any part of the works located *within or likely to affect* a designated conservation site? (SAC, SPA, SSSI or Ramsar) Yes ☒ No ☐

12(b)(i). If Yes, which designated site(s) may be affected?

Lleyn Peninsula and the Sarnau SAC  
Northern Cardigan Bay SPA

12(c). Please provide a description of all mitigation measures proposed to avoid any impact on designated conservation sites.

See draft HRA appended to this application.

Please continue on a separate sheet if necessary. Please tick if you have done this ☐

12(d). If the works are not located *within* or *likely to affect* a designated conservation site, please indicated the approximate distance to the nearest designated conservation site.

Please note that if the proposed works are in or within 2km of a European Site of Conservation Importance you will have to provide suitable mitigation measure to avoid any impact on designated conservation sites.

### 13. Other Consents

Please detail all consents that you have applied for or received for these works

Type of Consent	Applied for	To be applied for	Reference Number	Date of Issue and Expiry
<b>Planning Permission under Town and County Planning Act 1990 – From Local Planning Authority (LPA)</b>	Not Required			
<b>Name and Address of LPA for location of works</b>	Not Required			
<b>Land Owners Consent</b> such as The Crown Estate Consent	Not Required – Network Rail have a lease on the area.			
<b>Port Authority or Local Harbour permissions</b>				
<b>Other NRW consents</b> <i>such as Flood Defence or SSSI assent</i>		X		
<b>Details of NRW consent</b>				
<b>Other consents</b> <i>such as Transport and Works Act Order, Section 36 Electricity Act, grant/loan sanction</i>				
<b>Details of other consents</b>	HRA to be submitted & agreed with NRW.			

### 14. Statutory Powers

**14(a).Does the applicant have statutory powers to consent any aspect of the project?**  
E.g. coast protection authority, dredging powers, statutory undertakers      Yes ☐ No ☒

**14(a)(i).If Yes, please give details and state the relevant legislation that gives these powers**

### 15.Public Register

**Under The Marine Licensing (Register of Licensing Information)(Wales) Regulations 2011 and the Environmental Impact Assessment Directive (Directive 85/337/EEC – as amended) , all information contained within or provided in support of this application will be placed on the Public Register unless NRW approve of the applicant’s reasons for withholding all or part.**

**15.    Is there any information contained within or provided in support of this application that you consider should NOT be included on the Public Register on the grounds that its disclosure:**

**15(a). Would be contrary to the interest of National Security?**      Yes ☐ No ☐

**15(b). Would prejudice to an unreasonable degree you, or some other person’s commercial interest of those of a third party?**      Yes ☐ No ☒

**If **Yes** to either (a) or (b), please provide full justification as to why all or part of the information you have provided should be withheld**

**Please continue on a separate sheet if necessary. Please tick if you have done this** ☐

## 16. Application Fee

16(a). What are the corresponding fee band for this application? Band 2 ☒ Band 3 ☐

### 16(b) Band 2 Only

Projects are charged at a fixed fee of £1920. The application will not be processed until the correct fee has been provided.

Please provide the method of payment

Method	Yes (✓)	Reference Number
<b>Cheque</b>		
<b>BACS</b> (not remittance no.)	✓	1054_WAL_MPH
<b>World Pay (phone or CC1)</b>		

Please attach **CC1 Form** with application. Can be found on our web pages

### 16(c) Band 3 Application only

Band 3 applications are charged at on hourly rate of £120 and are invoiced in arrears. Please complete the details below which will be required for invoicing.

Customer Name	<input type="text"/>
FAO	<input type="text"/>
Purchase order number	<input type="text"/>
Address for invoice	<input type="text"/>
Telephone Number	<input type="text"/>
Email Address	<input type="text"/>

## 17. Declaration

I declare that to the best of my knowledge and belief that the information given in this application form and supporting documentation is true.

**WARNING:** It is an offence under the Marine and Coastal Access Act 2009, under which this application is made, to fail to disclose information or to provide false or misleading information and can invalidate any licence granted.

Signature  Date 17/10/2023

Name (in capitals) Daniel Overson

Position in Company Quantity Surveyor

*Applications cannot be processed unless signed by the **Applicant** (not agent), the applicant must have appropriate level of authority within the company.*

**Applications will not be processed unless signed**
