

# FORM WRA: Applicant details and proposal outline

## Application type and fee

Please generate a reference number. It should start with "WR" followed by your organisation or company name and today's date in four-digit format (DDMM) without spaces or punctuation.

Example: WRNATURALRESOURCESWALES1101

Please use this use this number throughout this application. This reference number can also be used for your BACS reference if paying electronically.

WRHOCHTIEF(UK)CONSTRUCTION1210

For the application types listed, complete this form and/or the relevant additional forms named below. Tick the type of application you are applying for. Please refer to our Find out if you need a licence web-page for an explanation for the different licence types. If your proposal involves multiple licence types, tick all that apply.

See our Charges for abstraction and impoundment applications web page for details of application fees and how to pay.

New full abstraction licence. Also complete form WRD.

Please indicate how you wish to pay your application fee. If paying by BACS, please quote the reference number created in question 1 when setting up the bank transfer.

If paying by cheque, please ensure you add the six digit cheque number below.

Credit or debit card

## Applicant details

Applicant type

Limited company

Applicant details

**Full Name** David Grantham

**Company, Charity or Trading Name** Hochtief (UK) Construction Ltd

**Company or Charity Registration Number** 02489026

#### Applicant Registered Address

**Line 1** Hochtief (UK) Construction Ltd  
**Line 2** Whitehill House, Windmill Hill Business Park  
**Line 3** Whitehill Way  
**Line 4** Swindon  
**Postcode** SN5 6PE

#### Applicant Contact details

**Office Telephone Number** 01793 755555  
**Mobile Telephone Number** 07502 264034  
**Email Address** david.grantham@hochtief.co.uk

Please indicate who we should contact regarding operation of your site, this should be the person responsible for the day to day running of the operation.

	Applicant	Agent
Site operations contact	X	

For applications for abstraction licences, please also specify who we should contact for invoices and abstraction records (returns).  
Not necessary for temporary or transfer licence applications.

Other supporting documents

- File: Cilfor Site - National Grid Land Ownership TP1 dated 01-09-22.pdf - [Download](#)

For abstraction licence applications where you are the occupier or have rights of access, please also provide the additional evidence as outlined above.

Please tick here to show that you have done this.

### Pre-application number

Have you undertaken a pre-application enquiry or had any previous discussions with us?

No

## Remediation work

Is this proposal as a result of a Restoring Sustainable Abstraction programme or other work requested by us?

No

## Source of supply

State where you intend to abstract from

Surface Water. e.g. Stream, leat, spring

Provide a 12 digit National Grid Reference for the proposed or existing abstraction or impoundment point (e.g. ST 19057 76826)

SH 62567 37928

Source of supply (name of watercourse or aquifer)

Nant yr Efail

Site name / reference  
(e.g. Tŷ Mawr Farm)

Cilfor Construction Compound

## Proposal summary

Please provide an outline of your proposal, including any sketches.

As a guide, you should include: a description of the activities which (will) take place at your site, the means of abstraction/impoundment proposed, if the proposal is related to another licence or permit (i.e. an Environmental Permit to Discharge Water) and details of any survey work undertaken. For changes to existing licences, summarise the changes proposed. Sketches or photographs that will aid our understanding of your proposal can be uploaded below.

It is proposed to abstract water from Nant yr Efail for use in excavation of a tunnel shaft associated with the National Grid Eryri VIP scheme. The water (450m<sup>3</sup> per day) will be used to operate a hydraulic drill.

Water will be abstracted using a pump. The surface water abstraction will be for up to 450m<sup>3</sup> per day. The pipe diameter is expected to be up to 225mm. The maximum pump capacity is 50 l/s. The pipe will be placed in the stream and pinned in place on land adjacent to the bank. The pipe within the stream may need to be kept in place by placing it between wooden stakes (driven into the channel bottom) and weighed down by placing a small gravel filled bulk bag on top of the pipe.

Abstracted water will be stored within a tank / lagoon, ready for use in the drilling operation.

Associated Permits:

PAN-020743 - Water Discharge - Permit application for the discharge of any excess water from the tunnel shaft construction i.e. from dewatering.

PAN-021542 - Abstraction license for dewatering of the tunnel shaft.

## Declaration

By signing below, you are declaring that, to the best of your knowledge; the information given in this form, on any map and in any supporting or additional information; is true.

**Signed** Aled Williams

**Print name** Aled Williams

**Position** Associate - Flood Risk & Drainage

If an agent is to sign on behalf of the Licence Holder, a letter of authorisation from the Licence Holder is required.
