No issues found at the time of visit

During the visit, the storm overflow permit ref CB3191CA issued in 2021 in relation to this site was discussed. There was a query with regards to the status of this and therefore DCWW are to investigate and confirm the status/set-up of any storm overflow in relation to this site.

Please provide an update on this by 18th December 2023

A data request will be submitted once the nature of above is determined

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.
