

Notice of request for more information

Environmental Permitting (England and Wales)
Regulations 2016

Notice requiring further information

To: Vicente Federico Orts-Llopis
3 Sidings Court
White Rose Way
Doncaster
DN4 5NU

Application number: PAN-023276

Natural Resources Wales, in exercise of its powers under paragraph 4 of Part 1 of Schedule 5 of the above Regulations, requires you to provide the information detailed in the attached schedule. The information is required in order to determine your application, dated 15/09/2023. The information requested should be sent to the following address by 31/01/2024.

Information should be sent to:

Correspondence welcomed in Welsh and English

Any notes in italics are included for information only and do not form part of the notice.

Schedule

1. Provide a plan which shows the proposed area for waste recovery. This should clearly indicate the boundary between the landfill cells and other features. A cross-section view and plan view are required, to show pre-settlement levels.

The plans need to show clearly how the intended recovery waste interacts with the landfill cells. The plans should not contradict the plans currently in place for the active landfill permit.

Any documents in support of this application must be submitted with this application rather than referred to as previously submitted with prior applications.

2. Provide an updated volume of waste that is intended for recovery.

The original void space was calculated at 222,202 m³ as of February 2023. We understand that waste has been deposited since this time. An updated accurate figure needs to be submitted. Any plans or reports that refer to the obsolete figure will need to be updated and re-submitted.
