Dear Sir / Madam,

Please find enclosed forms of surrender of "All of permit" as I explained to you by telephoning the other day I do not keep sheep on my farm any more as I have lost my health.

I would be grateful if you update your system as soon as possible as this is the second form we've had to fill in, apparently you didn't receive the first one. Since then we've received legal proceedings which I will not be paying as it's not my fault that you didn't update your system.

Thanking you.
