You replied to this message on 08/02/2024 13:26.

Dear Sarah,

Apologies as thought I had replied, however email was sitting in my draft folder!

Having reviewed the process and the RAMS, we have no objection or further comments. However request please provide 10 days notice of commencement of work so that a Notice to Mariners can be issued.

Thanks again

David

Kind regards

David Lockwood

Good morning Sarah,

I can confirm that Trinity House has no objections to these proposed works.

Many thanks.

Kind regards,

Catherine Bransby

Subject: [EXTERNAL] RE: Marine Licence Puma Energy 2024

Dear Sarah,

Thank you for the information regarding the proposed maintenance of Puma Energy's jetty located off Gelliswick Bay within the Milford Haven waterway.

We note that the works fall within the jurisdiction of a Statutory Harbour Authority (SHA) - Milford Haven Port Authority and therefore they are responsible for the safety of navigation within their waters.

Therefore, on the understanding that the following takes place, the MCA would have no significant concerns to raise with regards to the safety of navigation and would be satisfied that the risk is relatively low on this occasion:

1. All maritime safety legislation is complied with;
2. The site is within port limits and the applicant should gain the approval/agreement of the responsible local navigation authority or the Harbour Authority/Commissioners/Council. They may wish to issue local warnings to alert those navigating in the vicinity to the presence of the works, as deemed necessary.

Please can you confirm that you accept the above risk mitigations?

Kind Regards

Sam Chudley
