Dear Sirs

Application for transfer of an environmental permit

Due to the death of Mr Michael Hammond and the transfer of his share of the business to his widow we wish to amend the above permit as follows:

Remove: Mr Michael Albert Hammond as a permit holder (already completed)

Add: Mrs Sharon Hammond as a permit holder

Retain: Existing permit holders being Mr Malcolm John Hammond, Mr Stuart William Hammond and Mr Edward Michael Hammond

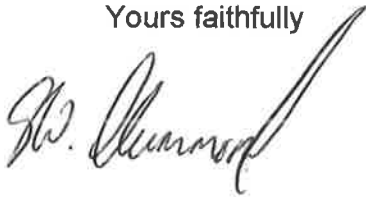

A. We confirm that the management structure remains unchanged as the roles and responsibilities within the business have not changed with the addition of Mrs Sharon Hammond to the partnership. She was already carrying out her current administrative roles within the business as a non-partner. The partnership share remains at 45% each for SW and EM Hammond, 5% for MJ Hammond and SE Hammond takes the 5% share previously in the name of MA Hammond.

B. Our environment management system includes:

- an accident management plan
- a training record covering all staff members, which is regularly reviewed and training needs identified and actioned
- operating instructions for equipment
- a complaints record including details of incidents and actions taken to deal with them
- odour, noise and manure management plans
- waste transfer notices and invoices
- maintenance records including proof of servicing and repairs
- records of feed and substances delivery and use or disposal

We enclose a completed transfer form Part A, Part D2 and Part F.

Yours faithfully

A stylized handwritten signature in dark ink, appearing to read 'Stuart Hammond'.

Stuart Hammond
Partners

A handwritten signature in dark ink, appearing to read 'e. m.' followed by a stylized flourish.

Edward Hammond

A handwritten signature in dark ink, appearing to read 'MJ Hammond' followed by a long horizontal line and a loop.
