**Our ref: PAN-020803**

**Your ref:**

**Date: 12 May 2023**

Dear Sir/Madam,

**We need more information about your application**

**Application reference:** PAN-020803

**Operator:** GP Biotec Ltd

**Facility:** Great Porthamel Anaerobic Digestion Plant, Great Porthamel, Talgarth, Brecon, Powys, LD3 0DL

Further to the Application documents received on 10 February 2023, unfortunately I need to ask you for some more details before I can decide whether it's duly made or not.

It appears that you are proposing to use the storage tank presently permitted under the standards rules permit for a different purpose/activity than is permitted in the existing standard rules set. On that basis your proposal appears to be to add bespoke permitted activities in the new area of the AB3233DW permit.

Please would you provide us with more information as detailed below:

- 1 Unfortunately the fee you sent is incorrect/the fee is missing. You have proposed a fee of £3528.00. However the OPRA score for the site is 72 and the normal variation multiplier is 58. This gives a total fee of £4176.00. We have been unable to identify the initial payment made of £3528, please confirm the date and method and payer reference of this payment. Please ensure that the full payment totalling £4176 is made.
- 2 Provide a Site Condition Report for the proposed new area.
- 3 Provide details of the environmental risk assessment, and if not included a separate odour risk assessment for the storage, mixing and blending tank.

- 4 Description of process carried out at the tank and how this meets Best Available Techniques.
- 5 Provide details of the emission point from the proposed storage, mixing and blending tank along with details of the presence or absence of odour controls.
- 6 Provide a copy of the updated odour management plan, incorporating the storage, mixing and blending tank.
- 7 Provide details of the proposed secondary containment for the storage, mixing and blending tank.

Please reply within 10 working days from the date of this letter.

If you email or write to us please quote the application reference on any correspondence and send it to the relevant address.

When we receive the requested information, we will continue to check the details in your application. If there's enough for us to begin the process of deciding whether or not we can grant your application we say the application is 'duly made' and we'll let you know this by letter.

If you have any questions please contact me.

Yours sincerely

Paul Williams
