Date: 21 September 2023

Dear Sir/Madam,

Returning your permitting application

Application reference: PAN-020803

Operator: GP Biotec Ltd

Facility: Great Porthamel Anaerobic Digestion Plant, Great Porthamel, Talgarth, Brecon, Powys, LD3 0DL

Thank you for your application received 10 February 2023. As you will be aware, we wrote to you on 12 May 2023 requesting additional information that was needed before we could duly make your application and commence the determination process.

On 26 June, you requested additional time to provide the information. Then on 1 August, you provided some additional information, but asked for additional time to provide the site condition report. That additional time has passed and the site condition report has not been received. Unfortunately this means your application is not duly made and we must return it to you.

You may resubmit your application. We recommend that you talk to your local area office about your application before you complete it. Please call 0300 065 3000 and ask to speak to your local area office or your site officer.

We'll refund your fee separately, if we are able to confirm receipt of payment.

If you change how you operate your facility without us agreeing to the change and issuing you with a variation notice, you may be committing an offence and could be liable to prosecution.

Yours sincerely

Paul Williams

Swyddog Trwyddedu Arbenigol Arweiniol (Gosodiadau a Rheoleiddio Sylweddau Ymbelydrol) / Lead Specialist Permitting Officer (Installations and Radioactive Substances Regulations)
