3. What will happen next?

Any non-compliance we have identified and recorded on this form is an offence. It can result in criminal prosecution and/or suspension or revocation of your permit.

At this time, we do not intend to take any further action.

This statement does not stop us from taking additional enforcement action if further relevant information comes to light or offences continue.

4. Details of our assessment

This Compliance Assessment Report (CAR) is to acknowledge the site inspection conducted by Luke Burton (LB).

The purpose of this planned inspection was to assess activities authorised in Compliance Assessment Reports (CARs) reference: CAR_NRW0040880 and CAR_NRW0042557, provide permit pre-application advice and guidance, and assess the storage of waste materials arising from the permitted process.

Activities authorised in CAR_NRW0040880 and CAR_NRW0042557

The activities authorised in each of these CARs have not yet taken place on site.

Action: Operator to notify Natural Resources Wales one month in advance of the current authorisations (CAR_NRW0040880 and CAR_NRW0042557) ending if they wish to extend the timescales for completion of the authorised activities.

Action: Operator to provide a written timescale for anticipated submission of permit variation application which includes the activities authorised in CAR_NRW0040880 and CAR_NRW0042557.

Pre-application advice and guidance

See Pre-application advice and guidance letter: *Pre-Application Advice and Guidance. IQE Silicon Compounds Limited Newport Semi Conductor Facility. Reference PPN-01116 (002) issued to operator and consultant.*

Storage of waste materials arising from the permitted process

Whilst a detailed inspection was not undertaken, observations made throughout assessment did not identify any apparent permit breaches or departure from best practice relating to waste storage.

END.

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.

Important information

Legal status of this report

Your permit is issued to you under the Environmental Permitting Regulations. You have a responsibility to comply with the conditions of your permit and prevent pollution/harm of the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice
- review the conditions of your permit.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

Assessment results and non-compliance categories (used in section 1):

Assessment result	Description
Assessed (A)	Assessed or assessed in part, no evidence of non-compliance found
Action only (X)	Action only relating to the activity assessment
Ongoing (O)	Ongoing non-compliance, not scored

Non-compliance category	Description	Score
C1 Major	Potential to have a major, serious, persistent and/or extensive impact or effect on the environment, people and/or property	60
C2 Significant	Potential to have a significant impact or effect on the environment, people and/or property	31
C3 Minor	Potential to have a minor or minimal impact or effect on the environment, people and/or property	4
C4 No environmental impact	Non-compliance at a regulated site that cannot foreseeably have any impact on the environment, people and/or property	0.1

How we use assessment scores

The number and severity of non-compliances recorded in a year will affect your annual subsistence fee the following year. A non-compliance factor is added to your site's Operator

Performance Risk Appraisal (OPRA) score when we calculate your fee to reflect the additional resource we use to assess permit compliance.

If your assessment result in Section 1 is suspended, what does this mean?

In line with our guidance, we may suspend scores for up to six months to allow time for remedial action to be taken. Suspended scores will be re-instated if the action is not completed.
