

Permit Number: EPR/EP3230BW

Operator: EnviroWales Limited

Facility: Rassau Recycling Facility

Form Number: Water1 / 15/04/2014

Reporting of emissions to water (other than to sewer) and land for the period from Jan 1<sup>st</sup> 2023 to 31<sup>st</sup> DEC 2023

Emission Point	Substance / Parameter	Emission		Result <sup>[1]</sup>	Test Method <sup>[2]</sup>	Sample Date and Times <sup>[3]</sup>	Uncertainty <sup>[4]</sup>
		Limit Value	Reference Period				
W1	Lead			ND	BS 6068-2.29		
W1	pH			ND	BS ISO 10523		
W1	Suspended solids			ND	BS EN 872		
W1	Oil and grease			ND	SCA blue book 77		
W1	Sulphate			ND	SCA blue book 136		

The result given is the maximum value (or the minimum value in the case of a limit that is expressed as a minimum) obtained during the reporting period, expressed in the same terms as the emission limit value. Where the emission limit value is expressed as a range, the result is given as the 'minimum – maximum' measured values.

Where an internationally recognised standard test method is used the reference number is given. Where another method that has been formally agreed with Natural Resources Wales is used, then the appropriate identifier is given. In other cases the principal technique is stated, for example gas chromatography.

For non-continuous measurements the date and time of the sample that produced the result is given. For continuous measurements the percentage of the process operating time covered by the result is given.

The uncertainty associated with the quoted result at the 95% confidence interval, unless otherwise stated.

Signed Date.....Jan 31st 2024
