

Compliance Assessment Report CAR_NRW0043400

Permit being assessed: BR7321IK.

For: Shotton Works , **held by:** Tata Steel UK Limited

At: Shotton Works , Deeside, Flintshire, CH5 2NH.

Type of assessment: Report/Data Review,

Reason: Routine.

On: 31/12/2023.

Parts of permit assessed: SEE NOTES (Section 4).

NRW Lead Officer: Victoria Griffin.

Report sent to: Nick Price, Senior Energy and Environment Officer, on 15/02/2024.

1. Summary of our findings (full details in section 4)

| Part of permitted activity assessed (compliance criteria) | Assessment result | Permit condition |
|--|-------------------|------------------|
| IR3A - Emissions and monitoring - Emissions to water, air or land | Assessed (A) | |
| IR3B - Emissions and monitoring - Emissions of substances not controlled by emission limits | Assessed (A) | |
| IR3E - Emissions and monitoring - Monitoring | Assessed (A) | |
| IR3H - Emissions and monitoring - Monitoring for the purposes of the Industrial Emissions Directive (includes LCP) | Assessed (A) | |
| IR4A - Information - Records | Assessed (A) | |
| IR4B - Information - Reporting | Assessed (A) | |

Result types are explained in more detail in the 'Important Information' section below.

| Total non-compliances recorded | Total non-compliance score |
|--------------------------------|----------------------------|
| 0 | 0 |

How we use the non-compliance score to calculate your annual fee is explained in the 'Important Information' section below.

2. What action is required?

No action required.

3. What will happen next?

Any non-compliance we have identified and recorded on this form is an offence. It can result in criminal prosecution and/or suspension or revocation of your permit.

At this time, we do not intend to take any further action.

This statement does not stop us from taking additional enforcement action if further relevant information comes to light or offences continue.

4. Details of our assessment

This Compliance Assessment Report (CAR) has been generated by the Regulating Natural Resources Wales (NRW) officer to comment upon the Annual Report and Q4 Monitoring Returns.

1. Q4 Monitoring Returns

Q4 2023 (October - December) monitoring results were submitted to NRW on 05/01/24 in accordance with Condition 4.2.3.

1.1 Emissions to Water - Emission Point W1

Emissions were tested for Flow, pH, Suspended Solids, Chemical Oxygen Demand, Iron, Chromium, Mercury, Nickel and Zinc. Noted that all measured parameters are below permitted emission limit values (ELV).

2. Annual Report

The Annual Report was submitted to NRW via email on the 25/01/24 as required by Permit Condition 4.2.2.

2.1 Emissions to Air

Combustion plant reporting emissions for the period 01/01/23 - 31/12/23, were reported as follows:

- Emission points A1, A2, A3 and A4 gas and oil firing conditions and A5, A6, A7 and A8 oil firing conditions only, were NOT OPERATED, therefore no results reported.
- Emission points A5, A6, A7 and A8 gas firing conditions only, were monitored for oxides of nitrogen as NO₂ and carbon monoxide (CO), all recorded emissions were below the ELVs.

Galvanising line reporting emission points were monitored for NO₂ and CO for the period 01/01/23 - 31/12/23 and were reported as follows:

- Emission points A31, A32, A33 were NOT OPERATED.
- Emission points A35, Galvanising Furnace No.6 reported data did not raise any issues.

Regenerative Thermal Oxidiser (RTO) line emission points were monitored for NO₂, CO and Volatile Organic Carbon (VOC) for the period 01/01/23 - 31/12/23 and were reported as follows:

- Emission points A12, A12A, A18 (COBRA) and A21 all recorded emissions were below the ELVs.
- Emission points A13, A14 and A15 reported data did not raise any issues.

2.2 Fugitive Emissions

Fugitive solvent emissions calculated for Colour Coat lines 2 and 1 with average emissions of 0.42% and 3.18% respectively. Fugitive solvent emissions in compliance with the www.naturalresourceswales.gov.uk Page 3 of 6 requirements of Industrial Emissions Directive.

2.3 Annual Water & Energy Usage, Waste Disposal & Recovery

Annual Energy consumption has increased very slightly in comparison to 2022 reported data. Potable water use has decreased slightly and non-potable water use increased in comparison to the 2022 report. There is a continued reduction in non-hazardous waste production for 2023, with hazardous waste quantities remaining generally unchanged. No notable changes in other parameters recorded.

2.4 Performance Parameters

No issues with reported data.

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.

Important information

Legal status of this report

Your permit is issued to you under the Environmental Permitting Regulations. You have a responsibility to comply with the conditions of your permit and prevent pollution/harm of the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice
- review the conditions of your permit.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

Assessment results and non-compliance categories (used in section 1):

| Assessment result | Description |
|-------------------|---|
| Assessed (A) | Assessed or assessed in part, no evidence of non-compliance found |
| Action only (X) | Action only relating to the activity assessment |
| Ongoing (O) | Ongoing non-compliance, not scored |

| Non-compliance category | Description | Score |
|----------------------------|---|-------|
| C1 Major | Potential to have a major, serious, persistent and/or extensive impact or effect on the environment, people and/or property | 60 |
| C2 Significant | Potential to have a significant impact or effect on the environment, people and/or property | 31 |
| C3 Minor | Potential to have a minor or minimal impact or effect on the environment, people and/or property | 4 |
| C4 No environmental impact | Non-compliance at a regulated site that cannot foreseeably have any impact on the environment, people and/or property | 0.1 |

How we use assessment scores

The number and severity of non-compliances recorded in a year will affect your annual subsistence fee the following year. A non-compliance factor is added to your site's Operator

Performance Risk Appraisal (OPRA) score when we calculate your fee to reflect the additional resource we use to assess permit compliance.

If your assessment result in Section 1 is suspended, what does this mean?

In line with our guidance, we may suspend scores for up to six months to allow time for remedial action to be taken. Suspended scores will be re-instated if the action is not completed.

Full list of Industry compliance criteria (used in section 1 and 2):

1. Management

- IR1A – General management
- IR1B – Finance (only applicable to Landfill)
- IR1C – Energy efficiency
- IR1D - Efficient use of raw materials
- IR1E - Avoidance, recovery and disposal of wastes produced by the activities
- IR1F - Multiple operator installations

2. Operations

- IR2A – Permitted activities
- IR2B – The site
- IR2C – Operating techniques
- IR2D – Technical requirements
- IR2E – Improvement programme
- IR2F – Pre-operational conditions
- IR2G – Landfill engineering (only applicable to Landfill)
- IR2H – Waste acceptance (only applicable to Landfill)
- IR2I – Leachate levels (only applicable to Landfill)
- IR2J – Closure and aftercare (only applicable to Landfill)
- IR2K – Landfill gas management (only applicable to Landfill)

3. Emission and Monitoring

- IR3A – Emissions to water, air or land
- IR3B – Emissions of substances not controlled by emission limits
- IR3C – Odour
- IR3D – Noise and vibration
- IR3E – Monitoring
- IR3F – Pests
- IR3G – Air quality management plans
- IR3H – Monitoring for the purposes of the Industrial Emissions Directive (this heading includes Large Combustion Plants)
- IR3I – Fire

4. Information

- IR4A – Records
- IR4B – Reporting
- IR4C – Notification

Enforcement response

Any non-compliance with a permit condition is an offence and we may take legal action against you. Action we take can include prosecution, serving a notice on you and/or

suspension or revocation of your permit. See our Enforcement and Sanctions Guidance for further information.

Data protection notice

You should make sure that anyone named in this report knows that the information it contains will be processed by Natural Resources Wales to fulfil its regulatory and monitoring functions and to maintain the relevant public register(s).

We may also use and/or disclose the report in connection with:

- offering or providing you with our literature or services relating to environmental matters
- consulting with the public, public bodies and other organisations (e.g. Health and Safety Executive, local authorities) on environmental issues
- carrying out statistical analysis, research and development on environmental issues
- providing public register information to enquirers
- investigating possible breaches of environmental law
- assessing customer service satisfaction and improving our service
- Freedom of Information Act or Environmental Information Regulations requests.

We may also pass it on to our agents or representatives to do these things on our behalf.

Disclosure of information – this report will be available to view on-line

If you think this report contains commercially confidential information that should not be placed on our public register, you must contact your local Natural Resources Wales office within **fifteen working days** of receiving this report, using the contact details in the accompanying email or letter. You must give a full explanation of why it should not be added to our public register, including specifying which information is commercially confidential. We will assess your request and respond to you within twenty working days to let you know if we agree to your request.

What do I do if I disagree with the report or have a complaint?

If you disagree with this compliance assessment report, you should contact the lead officer without delay to discuss your concerns.

If you are unable to resolve the issue with the lead officer or their line manager you should contact our Customer Contact team on 0300 065 3000 (Monday to Friday 08:00 to 18:00), or email enquiries@naturalresourceswales.gov.uk for details of how to raise your dispute further through our Complaints and Commendations procedure.

If you are dissatisfied with our response, you can contact the Public Services Ombudsman for Wales by phone on 0300 7900203 or by email at ask@ombudsman.wales

Welsh Language Standards

We are committed to establishing Natural Resources Wales as a naturally bilingual organisation. We will provide compliance reports in your preferred language.
