### 3. What will happen next?

Any non-compliance we have identified and recorded on this form is an offence. It can result in criminal prosecution and/or suspension or revocation of your permit.

**At this time, we do not intend to take any further action.**

This statement does not stop us from taking additional enforcement action if further relevant information comes to light or offences continue.

## 4. Details of our assessment

### **Cenin Limited**

#### **Permit Number: EPR/SP3936TL**

The purpose of this Compliance Assessment Report (CAR) is to record Natural Resources Wales' (hereafter NRW) assessment against Cenin Limited (hereafter Cenin) Air and Water monitoring returns and their annual reporting of 2023 to NRW.

Cenin submitted their annual reporting to NRW on the 24<sup>th</sup> of January 2024 via email. This contained the air forms and performance results.

#### **Air Emissions**

Cenin are required to submit results from emission point A1 which is for the Particulate Matter parameter.

The results showed a maximum value of 0.0623mg/m<sup>3</sup> of particulate matter throughout 2023.

#### **Performance 1 Form**

Cenin submitted the performance form which relates to Table S4.3 in their permit.

No hazardous waste was produced in 2022.

No blast furnace slag was produced in 2022.

Due to the Waste Treatment Bref further parameters were required as part of the Performance 1 form.

The site used 24,512tonnes of raw materials in 2023.

There was no generation of any residues nor any wastewater.

Accepted and compliant.

#### **Waste Returns**

Waste returns have been submitted and accepted.

#### **Water Usage**

There is no water meter on site to calculate the site water usage. However, the site does not sue water and is only used for domestic use and in staff welfare facilities, which isn't included in the permit requirements.

#### **Energy Usage**

The site utilises 100% renewable energy which is supplied by the parent company 'Cenin Renewables'. The site used 512.366Mwh and have a specific usage of 0.02Mwh/Tonnes of sellable products.

**END**

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.

## Important information

### Legal status of this report

Your permit is issued to you under the Environmental Permitting Regulations. You have a responsibility to comply with the conditions of your permit and prevent pollution/harm of the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice
- review the conditions of your permit.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

### Assessment results and non-compliance categories (used in section 1):

Assessment result	Description
Assessed (A)	Assessed or assessed in part, no evidence of non-compliance found
Action only (X)	Action only relating to the activity assessment
Ongoing (O)	Ongoing non-compliance, not scored

Non-compliance category	Description	Score
C1 Major	Potential to have a major, serious, persistent and/or extensive impact or effect on the environment, people and/or property	60
C2 Significant	Potential to have a significant impact or effect on the environment, people and/or property	31
C3 Minor	Potential to have a minor or minimal impact or effect on the environment, people and/or property	4
C4 No environmental impact	Non-compliance at a regulated site that cannot foreseeably have any impact on the environment, people and/or property	0.1

### How we use assessment scores

The number and severity of non-compliances recorded in a year will affect your annual subsistence fee the following year. A non-compliance factor is added to your site's Operator

Performance Risk Appraisal (OPRA) score when we calculate your fee to reflect the additional resource we use to assess permit compliance.

**If your assessment result in Section 1 is suspended, what does this mean?**

In line with our guidance, we may suspend scores for up to six months to allow time for remedial action to be taken. Suspended scores will be re-instated if the action is not completed.
