

Apply to vary a marine licence

Variation request details

Marine licence number
CML1820v1

Expiry date of current licence
* 17/04/2029

Licence holder name
Royal National Lifeboat Institution

Variation type
Complex change

Brief description of licence variation that is required. (Identify licence condition numbers and reference the supporting documents within your current licence which are likely to be affected)
The lifeboat at Beaumaris is launch down a public owned slipway maintained by the council, which falls outside of the licence coordinate area for the station. The RNLI need to have the ability to re-grade beach material that from time to time heaps up on the slipway or at the toe of the slipway. This is hampering safe launching and recovery of the lifeboat. I attach a photograph at the toe of the slipway that illustrates the problem. I also attach the coordinate area that would cover the area over which beach re-profiling activities might be undertaken. This is likely to be simply a reactive maintenance activity responding to the natural beach processes. The variation would comprise extending beach re-profiling activities to the additional area.

Please upload all supporting information for this request (where applicable)
