3. What will happen next?

Any non-compliance we have identified and recorded on this form is an offence. It can result in criminal prosecution and/or suspension or revocation of your permit.

You are non-compliant with your permit.

At this time, we are issuing you with a warning for the non-compliance recorded above. Warnings may influence future enforcement response for continued or further non-compliance.

This statement does not stop us from taking additional enforcement action if further relevant information comes to light or offences continue.

4. Details of our assessment

Missing waste returns

Following a recent review of submitted waste returns for 2023, our records show that you have not submitted returns for Q1 2023. As a result of this non-compliance, you have been scored accordingly.

G4 – Reporting and notification to Natural Resources Wales. Category 4 breach.

4.2.2 Within one month of the end of each quarter, the operator shall submit to Natural Resources Wales using the form made available for the purpose, the information specified on the form relating to the site and the waste accepted and removed from it during the previous quarter.

Action:

You are required to submit all outstanding waste returns for 2023 and put in place procedures to ensure that all future returns are completed and submitted in time. Please be aware that if no waste has been accepted during a quarter you are still required to submit a NIL return. Please provide the missing returns by the 26/02/24.

The required timescales for submissions are below:

Quarterly Returns Period	Return Submission Deadline
--------------------------	----------------------------

Q1 - 1st January to 31st March	30th April
--------------------------------	------------

Q2 - 1st April to 30th June	31st July
-----------------------------	-----------

Q3 - 1st July to 30th September	31st October
---------------------------------	--------------

Q4 - 1st October to 31st December	31st January
-----------------------------------	--------------

Failure to meet future return deadlines may result in escalation of our scoring category for such a breach and may also result in further action.

We are unable to locate a certificate for them on our system and in which case we are requesting the original certificate along with any continuing competence to be submitted to NRW. If this person is no longer the sites TCM please provide copies of who has replaced them. Please email the certificate to wasteregulation.southcentral@cyfoethnaturiolcymru.gov.uk referencing the permit reference number and site name in the email. Please provide these by the 26/02/24.

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.

Important information

Legal status of this report

Your permit is issued to you under the Environmental Permitting Regulations. You have a responsibility to comply with the conditions of your permit and prevent pollution/harm of the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice
- review the conditions of your permit.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

Assessment results and non-compliance categories (used in section 1):

Assessment result	Description
Assessed (A)	Assessed or assessed in part, no evidence of non-compliance found
Action only (X)	Action only relating to the activity assessment
Ongoing (O)	Ongoing non-compliance, not scored

Non-compliance category	Description	Score
C1 Major	Potential to have a major, serious, persistent and/or extensive impact or effect on the environment, people and/or property	60
C2 Significant	Potential to have a significant impact or effect on the environment, people and/or property	31
C3 Minor	Potential to have a minor or minimal impact or effect on the environment, people and/or property	4
C4 No environmental impact	Non-compliance at a regulated site that cannot foreseeably have any impact on the environment, people and/or property	0.1

How we use assessment scores

The number and severity of non-compliances recorded in a year will affect your annual subsistence fee the following year. A non-compliance factor is added to your site's Operator

Performance Risk Appraisal (OPRA) score when we calculate your fee to reflect the additional resource we use to assess permit compliance.

What are suspended scores?

In line with our guidance, we may suspend scores for up to six months to allow time for remedial action to be taken. Suspended scores will be re-instated if the action is not completed.
