List the condition(s) of your marine licence that you are looking to discharge, including any monitoring reports. Please include the condition number and condition text.

3.10 Notified Contractors, Vessels and/or Vehicles only to Carry out Licensed Activities
Only those agent(s), contractor(s), sub-contractor(s), vessels and/or vehicles whose details have been notified to the Licensing Authority may operate under the terms of this Licence. Any changes must be notified to and be approved by the Licensing Authority in writing prior to any such agent, contractor, subcontractors or vehicles carrying out any Licensed Activities pursuant to or otherwise operating under this Licence.

Please provide a description of your request e.g. Construction Environment Management Plan submitted for approval prior to commencement of works/ submission of annual monitoring report for approval

Due to availability and scheduling issues, we may have to get the dumb barge and the 2 workboats from Jenkins Marine instead of Williams Shipping.

Jenkins Marine is already one of the named suppliers in our Licence and are also based on the south coast of England as is Williams Shipping so there is very little difference between the origin of the equipment.

The vessels are a 'like for like' swap and there will be no change to the methodology.
