

# FORM WRA: Applicant details and proposal outline

## Application type and fee

Please generate a reference number. It should start with "WR" followed by your organisation or company name and today's date in four-digit format (DDMM) without spaces or punctuation.

Example: WRNATURALRESOURCESWALES1101

Please use this use this number throughout this application. This reference number can also be used for your BACS reference if paying electronically.

WRALUNGRIFFITHS2602

For the application types listed, complete this form and/or the relevant additional forms named below. Tick the type of application you are applying for. Please refer to our Find out if you need a licence web-page for an explanation for the different licence types. If your proposal involves multiple licence types, tick all that apply.

See our Charges for abstraction and impoundment applications web page for details of application fees and how to pay.

New full abstraction licence. Also complete form WRD.

Please indicate how you wish to pay your application fee. If paying by BACS, please quote the reference number created in question 1 when setting up the bank transfer.

If paying by cheque, please ensure you add the six digit cheque number below.

Credit or debit card

## Applicant details

Applicant type

Limited company

Applicant details

**Full Name** Alun Griffiths (Contractors) Limited

**Company, Charity or Trading Name** Alun Griffiths (Contractors) Limited

**Company or Charity Registration Number** 01493003

#### Applicant Registered Address

**Line 1** Waterways House Merthyr Road  
**Line 2** Llanfoist  
**Line 3** Abergavenny  
**Line 4** Monmouthshire  
**Postcode** NP7 9PE

#### Applicant Contact details

**Office Telephone Number** 01873 857211  
**Mobile Telephone Number** 07966387813  
**Email Address** lwan.pritchard@alungriffiths.co.uk

Please indicate who we should contact regarding operation of your site, this should be the person responsible for the day to day running of the operation.

	Applicant	Agent
Site operations contact	X	

For applications for abstraction licences, please also specify who we should contact for invoices and abstraction records (returns).  
Not necessary for temporary or transfer licence applications.

	Applicant	Agent
Invoice address	X	
Abstraction records contact	X	

### Details of agent or individual authorised to act as application contact

#### Use applicant contact details

No

#### Application details

**Full Name** Tom Goodfellow  
**Company, Charity or Trading Name** Arup  
**Position in Company** Senior Hydrogeologist

#### Applicant Registered Address

**Line 1** 8 Fitzroy Street

**Line 2** London

**Line 3** -

**Line 4** -

**Postcode** W1T 4BJ

#### Applicant Contact details

**Office Telephone Number** 0113 301 6013

**Mobile Telephone Number** 07860670944

**Email Address** tom.goodfellow@arup.com

### Entitlement to apply (not required for impoundment licence applications)

Does the applicant have a legal right of access to the point of abstraction?

Occupier of land / has a right of access

Date these access rights are expected

\* 27/02/2024

Site map showing abstraction points

- File: Layout.pdf - [Download](#)

Other supporting documents

- File: Rights of Access - Explanatory Note.pdf - [Download](#)

For abstraction licence applications where you are the occupier or have rights of access, please also provide the additional evidence as outlined above.

Please tick here to show that you have done this.

### Pre-application number

Have you undertaken a pre-application enquiry or had any previous discussions with us?

No

Provide reference number or staff member's name

GIC: WA/065/0017/0003 (Note contractor has changed from Morgan Sindall to Alun Griffiths Contractors, but same project)

## Remediation work

Is this proposal as a result of a Restoring Sustainable Abstraction programme or other work requested by us?

No

## Source of supply

State where you intend to abstract from

Groundwater. e.g. Borehole, mine, unlined excavation

Give Groundwater Investigation Consent number if applicable

WA/065/0017/0003

Groundwater impact assessment report

- File: B16888-102503-XX-ZZ-RP-NA-HY6704 - Rev1.pdf - [Download](#)

Provide a 12 digit National Grid Reference for the proposed or existing abstraction or impoundment point (e.g. ST 19057 76826)

SH 58635 72860

Source of supply (name of watercourse or aquifer)

Made Ground + Superficial Deposits (Tidal Flat Deposits)

Site name / reference  
(e.g. Tŷ Mawr Farm)

King George's Playing Field

## Proposal summary

Please provide an outline of your proposal, including any sketches.

As a guide, you should include: a description of the activities which (will) take place at your site, the means of abstraction/impoundment proposed, if the proposal is related to another licence or permit (i.e. an Environmental Permit to Discharge Water) and details of any survey work undertaken. For changes to existing licences, summarise the changes proposed. Sketches or photographs that will aid our understanding of your proposal can be uploaded below.

The previously appended HIA provides an overview of the scheme and the need for an abstraction license to enable temporary dewatering to occur, whilst the layout shows the location of the abstraction area and discharge points.

In summary:

The Welsh Water Menai Shellfish Project aims to improve the storm overflow performance from the Bangor Beach Road Sewage Pumping Station (SPS). This pumping station is one of four assets that fall under the Asset Management Plan (AMP) 7 National Environmental Programme (NEP) to meet the Shellfish Water Directive of 10 No. spills per annum for the Menai Strait.

The identified solution requires new infrastructure to be installed below ground level at a site located between the A5 Beach Road and the promenade along the Menai Strait. The scheme proposals comprise a buried stormwater run-off tank with a volume of around 4,300m<sup>3</sup> and associated pipework to connect into the existing foul water network and Menai SPS.

The proposed excavation depth is below the monitored water table and as such temporary dewatering is required, which is currently programmed to be completed between May 2024 and November 2024. Due to the duration, and potential flow rates, an abstraction license is required.

The temporary dewatering works will be undertaken by a specialist contractor and is anticipated to comprise wellpointing and filtered sump pumping. The abstracted water will be discharged to the Welsh Water combined sewer system, via a siltbuster and/or settlement tank.

## Declaration

By signing below, you are declaring that, to the best of your knowledge; the information given in this form, on any map and in any supporting or additional information; is true.

**Signed** DP  
**Print name** David Parr  
**Position** Managing Director

Date

\* 08/03/2024

## GDPR, National Security, and Commercial Confidentiality

Only tick the box below if you wish to claim confidentiality for your application.

Please treat the information in my application as confidential

Would you like a copy of your submission?

Yes
