Dear Sir/Madam

Warning letter

Environmental Permit: EPR-WP3231NB

Regulated Facility: The Creamery, Aberarad, Newcastle Emlyn, SA38 9DQ

Further to Natural Resources Wales' (NRW) compliance assessment of environmental permit EPR-WP3231NB at the above address on 19 October 2023, NRW have completed their investigations into the matter and have identified the following offence:

Offence: Contravention of Regulation 38 (2) of the Environmental Permitting (England and Wales) Regulations 2016 - failure to comply with or contravene an environmental permit condition.

Date: On 19 October 2023

The above offence is relating to breach of permit condition 3.2.3 that occurred on 19 October 2023. Following a site compliance inspection, a Category 2 breach of permit condition 3.2.3 was issued for lack of appropriate secondary containment for the storage of non-toxic secondary refrigerant antifreeze and sodium hypochlorite. For further details on this matter, please reference compliance assessment report CAR_NRW0042732.

Since then your company has taken steps to address the offence noted above.

On this occasion we are issuing you with a **warning letter** as a response to the above offence. However, our decision could change if any further relevant information comes to light, including, but not restricted to, information that:

- The company has committed earlier offences

- the environmental impacts of these offences are greater than we presently understand them
- the offences are continuing or have been repeated
- the company has committed other offences of which we are presently unaware.

We will take this offence into account if we consider that you are involved in any future offending.

This warning does not:

- prevent any other prosecuting authority taking action against the company; or
- affect our right to issue enforcement, clear-up or remediation notices, or seek recovery of costs or damages according to law.

Yours sincerely

Erin Smyth-Evans
