### 4. Details of our assessment

**NOTE: The storm permit for Llanfaglan STW (CG0078102) got consolidated into permit CG0078101 on the 26th of April 2023. So this CAR form is being recorded against permit CG0078101, although the SOAF report quotes permit number CG0078102.**

Thank you for submitting the SOAF Investigation Output Summary to Natural Resources Wales.

Given the information in this summary, we look forwards to seeing this site progressing via a spill reduction scheme.

Given that the discharge is into a river that's designated as a SAC, it would be good for the necessary work to be done sooner rather than later.

Please keep us informed on progress and timescales.

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice
- review the conditions of your permit.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.
