

## Compliance Assessment Report CAR\_NRW0044043

**Permit being assessed:** GP3030BE.

**For:** Shotton Works Landfill Site No 1 , **held by:** Tata Steel UK Limited

**At:** Shotton Works Weighbridge Road , Deeside Industrial Park, Clwyd, CH5 2NH.

**Type of assessment:** Report/Data Review,

**Reason:** Routine.

**On:** 17/04/2024 - 22/04/2024.

**Parts of permit assessed:** SEE NOTES (Section 4).

**NRW Lead Officer:** Victoria Griffin.

**Report sent to:** Nick Price, Senior Energy and Environment Officer, on 22/04/2024.

### 1. Summary of our findings (full details in section 4)

Part of permitted activity assessed (compliance criteria)	Assessment result	Permit condition
IR2I - Installations - Operations - Leachate levels (only applicable to landfill)	Assessed (A)	
IR3A - Installations - Emissions and monitoring - Emissions to water, air or land	C3 Minor (Suspended)	Condition 3.1.2
IR3A - Installations - Emissions and monitoring - Emissions to water, air or land	C3 Minor (Suspended)	Condition 3.1.2
IR3A - Installations - Emissions and monitoring - Emissions to water, air or land	C3 Minor (Suspended)	Condition 3.1
IR3A - Installations - Emissions and monitoring - Emissions to water, air or land	C3 Minor (Suspended)	Condition 3.1
IR4A - Installations - Information - Records	Assessed (A)	
IR4B - Installations - Information - Reporting	Assessed (A)	
IR4C - Installations - Information - Notification	Assessed (A)	

Result types are explained in more detail in the 'Important Information' section below.

Total non-compliances recorded	Total non-compliance score
4	0

How we use the non-compliance score to calculate your annual fee is explained in the 'Important Information' section below.

## 2. What action is required?

Criteria	Action needed	Complete by
IR3A	Zinc breach - ELVs subject to variation application determination	Already completed
IR3A	Ammoniacal Nitrogen breach - ELVs subject to variation application determination	Already completed
IR3A	Methane breach - ELVs subject to variation application determination	Already completed
IR3A	Carbon dioxide breach - ELVs subject to variation application determination	Already completed

Compliance criteria codes are listed in the 'Important information' section below.

## 3. What will happen next?

Any non-compliance we have identified and recorded on this form is an offence. It can result in criminal prosecution and/or suspension or revocation of your permit.

### You are non-compliant with your permit.

**At this time, we are issuing you with a warning for the non-compliance recorded above. Warnings may influence future enforcement response for continued or further non-compliance.**

This statement does not stop us from taking additional enforcement action if further relevant information comes to light or offences continue.

## 4. Details of our assessment

Q1 2024 (January - March) monitoring results were submitted to NRW on 11 April 2024 in accordance with Condition 4.2.2.

### Q1 Monitoring Returns

#### S4.1 Leachate Levels (Condition 2.9.1) (permitted limit 1m above base of cell)

The reported leachate levels for Q1 were below the permitted limit.

#### S4.2 Groundwater Monitoring Data - 3 point moving average

The current permit has set limits for Ammoniacal Nitrogen (NH<sub>3</sub>), Zinc (Zn) and Nickel (Ni) on boreholes 1,2,9 and 10 only. The 3 point moving average breaches of the trigger levels (limits) are as follows:

Zn concentrations exceeding the limits (BH1, BH9 & BH10 0.04mg/l & BH2 1.95mg/l)

- BH1 (0.18mg/l)
- BH9 (0.09mg/l)
- BH10 (0.16mg/l)

**The above are in breach of Condition 3.1.2 and has been scored a C3.**

NH3 concentrations exceeding the limit (1mg/l)

- BH9 (1.4mg/l)

**The above are is breach of Condition 3.1.2 and has been scored a C3.**

#### S4.3 External Gas Monitoring Wells

The permit has set a permitted limit of 1% v/v for Methane (CH4).

- CH4 exceeded the permitted limit in BH8 during March (1.1% v/v), August (2.1% v/v) and September (1.8% v/v)

**The above is in breach of Condition 3.1 and has been scored a C3.**

The current permit has set a permitted limit of 1.5% v/v for Carbon Dioxide (CO2).

1. CO2 exceeded the permitted limit in BH1 during January (2.3% v/v)
2. CO2 exceeded the permitted limit in BH8 during March (1.8% v/v)

**The above are in breach of Condition 3.1 and has been scored a C3.**

#### Waste Received Q1

Waste Received into landfill was 8 tonnes of Inert Construction Waste. No waste removed.

#### Schedule 6 Notification: Part A & B

Schedule 6 Part A & B Notifications were submitted in response to breaches of permit conditions for Ammoniacal Nitrogen and Zinc concentration and levels of Carbon Dioxide and Methane, as outlined in the Q1 returns review above.

Ongoing justifications and mitigation proposals for breaches are being investigated. Measures taken or intended to be taken are, continued monitoring and evaluation of groundwater breaches. The Operator has also submitted an application to vary the permit variation to amend limits.

#### Comments

The Operator submitted a permit variation application which was Duly Made 29 September 2023. The variation included a request for changes to groundwater ELVs for ammoniacal nitrogen, nickel and zinc and amendments to landfill gas limits (CO2 and CH4).

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.

## Important information

### Legal status of this report

Your permit is issued to you under the Environmental Permitting Regulations. You have a responsibility to comply with the conditions of your permit and prevent pollution/harm of the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice
- review the conditions of your permit.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

### Assessment results and non-compliance categories (used in section 1):

Assessment result	Description
Assessed (A)	Assessed or assessed in part, no evidence of non-compliance found
Action only (X)	Action only relating to the activity assessment
Ongoing (O)	Ongoing non-compliance, not scored

Non-compliance category	Description	Score
C1 Major	Potential to have a major, serious, persistent and/or extensive impact or effect on the environment, people and/or property	60
C2 Significant	Potential to have a significant impact or effect on the environment, people and/or property	31
C3 Minor	Potential to have a minor or minimal impact or effect on the environment, people and/or property	4
C4 No environmental impact	Non-compliance at a regulated site that cannot foreseeably have any impact on the environment, people and/or property	0.1

### How we use assessment scores

The number and severity of non-compliances recorded in a year will affect your annual subsistence fee the following year. A non-compliance factor is added to your site's Operator

Performance Risk Appraisal (OPRA) score when we calculate your fee to reflect the additional resource we use to assess permit compliance.

**If your assessment result in Section 1 is suspended, what does this mean?**

In line with our guidance, we may suspend scores for up to six months to allow time for remedial action to be taken. Suspended scores will be re-instated if the action is not completed.

**Full list of Industry compliance criteria (used in section 1 and 2):**

**1. Management**

- IR1A – General management
- IR1B – Finance (only applicable to Landfill)
- IR1C – Energy efficiency
- IR1D - Efficient use of raw materials
- IR1E - Avoidance, recovery and disposal of wastes produced by the activities
- IR1F - Multiple operator installations

**2. Operations**

- IR2A – Permitted activities
- IR2B – The site
- IR2C – Operating techniques
- IR2D – Technical requirements
- IR2E – Improvement programme
- IR2F – Pre-operational conditions
- IR2G – Landfill engineering (only applicable to Landfill)
- IR2H – Waste acceptance (only applicable to Landfill)
- IR2I – Leachate levels (only applicable to Landfill)
- IR2J – Closure and aftercare (only applicable to Landfill)
- IR2K – Landfill gas management (only applicable to Landfill)

**3. Emission and Monitoring**

- IR3A – Emissions to water, air or land
- IR3B – Emissions of substances not controlled by emission limits
- IR3C – Odour
- IR3D – Noise and vibration
- IR3E – Monitoring
- IR3F – Pests
- IR3G – Air quality management plans
- IR3H – Monitoring for the purposes of the Industrial Emissions Directive (this heading includes Large Combustion Plants)
- IR3I – Fire

**4. Information**

- IR4A – Records
- IR4B – Reporting
- IR4C – Notification

**Enforcement response**

Any non-compliance with a permit condition is an offence and we may take legal action against you. Action we take can include prosecution, serving a notice on you and/or

suspension or revocation of your permit. See our Enforcement and Sanctions Guidance for further information.

### **Data protection notice**

You should make sure that anyone named in this report knows that the information it contains will be processed by Natural Resources Wales to fulfil its regulatory and monitoring functions and to maintain the relevant public register(s).

We may also use and/or disclose the report in connection with:

- offering or providing you with our literature or services relating to environmental matters
- consulting with the public, public bodies and other organisations (e.g. Health and Safety Executive, local authorities) on environmental issues
- carrying out statistical analysis, research and development on environmental issues
- providing public register information to enquirers
- investigating possible breaches of environmental law
- assessing customer service satisfaction and improving our service
- Freedom of Information Act or Environmental Information Regulations requests.

We may also pass it on to our agents or representatives to do these things on our behalf.

### **Disclosure of information – this report will be available to view on-line**

If you think this report contains commercially confidential information that should not be placed on our public register, you must contact your local Natural Resources Wales office within **fifteen working days** of receiving this report, using the contact details in the accompanying email or letter. You must give a full explanation of why it should not be added to our public register, including specifying which information is commercially confidential. We will assess your request and respond to you within twenty working days to let you know if we agree to your request.

### **What do I do if I disagree with the report or have a complaint?**

If you disagree with this compliance assessment report, you should contact the lead officer without delay to discuss your concerns.

If you are unable to resolve the issue with the lead officer or their line manager you should contact our Customer Contact team on 0300 065 3000 (Monday to Friday 08:00 to 18:00), or email [enquiries@naturalresourceswales.gov.uk](mailto:enquiries@naturalresourceswales.gov.uk) for details of how to raise your dispute further through our Complaints and Commendations procedure.

If you are dissatisfied with our response, you can contact the Public Services Ombudsman for Wales by phone on 0300 7900203 or by email at [ask@ombudsman.wales](mailto:ask@ombudsman.wales)

### **Welsh Language Standards**

We are committed to establishing Natural Resources Wales as a naturally bilingual organisation. We will provide compliance reports in your preferred language.
