OUR DECISION

Based on all the information available, and having regard to all relevant considerations NRW has decided to grant the variation to the Existing Marine Licence (see Annex 1) sought by the Variation Application.

This decision document:

- explains how the Variation Application has been determined, having regard to the relevant legal framework outlined in section 4;
- explains how relevant considerations have been taken into account and how each of the legal requirements have been considered in determining the Variation Application;
- provides a record of the decision-making process; and
- sets out the reasons for any conditions imposed in connection with any marine licence granted pursuant to the Variation Application.

1 APPLICATION DETAILS

1.1 The Variation Application

Applicant name and address	The Applicant is the organisation set out below: Organisation name: Royal National Lifeboat Institute Address: Royal National Lifeboat Institution, West Quay Road, Poole, Dorset BH15 1HZ
Variation Application reference number	CML1820v2
Existing Marine Licence reference number	CML1820v1
Date Variation Application was duly made	15 May 2024
Description of variation	Correction to the coordinates for Beaumaris Lifeboat Station to include the associated slipway.
Marine Plan area	Welsh inshore region and Welsh offshore region
Variation Application documents:	CML1820v2 - Application Form 03.04.24.pdf – submitted 03 April 2024 CML1820v2 - Beaumaris RNLI Lifeboat Station - Photograph at Slipway 3.4.24.pdf – submitted 03 April 2024 CML1820v2 - Beaumaris RNLI Lifeboat Station - Licence Variation Coordinates.3.4.24.pdf – submitted 03 April 2024 CML1820v2 - Beaumaris RNLI Lifeboat Station - Licence Variation Coordinates.3.4.24.pdf – submitted 15 May 2024

Application Number: CML1820v2

2 VARIATION APPLICATION PROCEDURE

2.1 The Variation Application

The Variation Application was accepted by Natural Resources Wales (**NRW**) considered duly made on 15 May 2024. This means we considered it was in the correct form and contained sufficient information for us to begin our determination, but not that it necessarily contained all the information we needed to complete that determination, and the documents considered may therefore include documents provided after the Variation Application was first made.

2.2 Documents considered

In reaching its decision, NRW has considered the documents listed in section 1 of this decision document along with such other information provided by the Applicant or received during any consultation, that NRW considered relevant.

2.3 Commercial Confidentiality

The Applicant made no claim that any information forming part of the Variation Application was subject to commercial confidentiality and we have not received any information in relation to the Variation Application that appears to be commercially confidential.

2.4 Publicity and advertising

Due to the minor change to the licence which requires a correction to the coordinates for Beaumaris lifeboat Station, no notice was given to Local Authorities and no Public Notice was advertised for this Marine Licence variation.

2.5 Environmental impact Assessment

Council Directive 2011/92/EU (as amended) on the assessment of the effects of certain public and private projects on the environment aims to protect the environment and the quality of life by ensuring that projects which are likely to have significant environmental effects by virtue of their nature, size or location are subject to an environmental impact assessment (EIA) before permission is granted.

The Marine Works (Environmental Impact Assessment) Regulations 2007 ("the Regulations") transpose the EIA Directive in Wales and England for marine licence applications.

Having considered the Variation Application NRW has determined that it does not constitute a development requiring EIA under the Regulations.

3 CONSULTATION

3.1 Consultees

Due to the minor nature of the change to the licence and that no additional impacts are expected above that which were considered during the determination of CML1820, NRW did not consider it appropriate to reconsult on this occasion.

Application Number: CML1820v2

4 Conclusions and Recommendations

Based on all the information available, NRW's decision is to grant the variation to the Existing Marine Licence sought by the Variation Application. CML1820v2 is a change to correct coordinates for Beaumaris Lifeboat Station to include the associated slipway. There has been no changes to the nature of works consented under CML1820, only correction to the coordinates provided to include the associated slipway and as such we refer to the determination and associated assessments carried out in regards to CML1820 which remains applicable.

NRW has determined that a Marine Licence for the Proposed Activities should be granted.
