14 June 2024

Dear Ms Cole,

**Application reference: PAN-025790**

I refer to NRW's request in your recent letter dated 11<sup>th</sup> June 2024, which referenced the statement below:-

"Application form declarations

*Both applications have been signed by yourself, however we require signatures from an authorised person, which for a registered company is expected to be either the Director, or Company Secretary. You can re-submit the forms with appropriate signatures. However, we normally accept provision of evidence from an authorised person confirming that you are able to submit the applications on behalf of the company; email evidence is acceptable."*

I am Company Secretary & Compliance Officer of RWE Generation UK plc, who is the owner and operator of Pembroke Power Station in Pembrokeshire. The purpose of this letter is therefore to hereby confirm that Daniel McDermott is an authorised signatory for the purposes of submission of any forms (including the WRA and WFD submitted forms) correspondence or additional information in whatever form regarding the Pembroke Power Station Abstraction Licence renewal application (Application number PAN-025790) on behalf of RWE Generation UK plc.

I would be grateful if you could acknowledge receipt of this email and whether it meets your request. In addition, if you require any further information please contact me by email at [jason.keene@rwe.com](mailto:jason.keene@rwe.com)

Yours sincerely

**Jason Keene**  
**Company Secretary & Compliance Officer**
