4. Details of our assessment

Site Report

Inspection carried out at Taff Bargoed Minewater Remediation Scheme for discharge permits AN0319501 (discharge 1, Upper) and AN0350601 (discharge 2, lower), and water resources abstraction licence WA0570021001.

The weather was overcast with periodic drizzle.

Present were 3 members of the coal authority including the operational manager of the CA sites in Wales, and Environment Officers from NRW.

During the site walkover the CA explained that some reedbeds had recently been replaced in accordance with their maintenance schedule.

No discolouration was observed from either discharge at the time of inspection. Both discharges were screened with a bar screen (see images below).

Breaches of permit condition

Monitoring records originally requested on 07/03/2024 via email after inspection visit.

Important information

Legal status of this report

Your permit is issued to you under the Environmental Permitting Regulations. You have a responsibility to comply with the conditions of your permit and prevent pollution/harm to the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice
- review the conditions of your permit.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

Assessment results and non-compliance categories (used in section 1):

Assessment result	Description
Assessed (A)	Assessed or assessed in part, no evidence of non-compliance found
Action only (X)	Action only relating to the activity assessment
Ongoing (O)	Ongoing non-compliance, not scored

Non-compliance category	Description
C1 Major	Potential to have a major, serious, persistent and/or extensive impact or effect on the environment, people and/or property
C2 Significant	Potential to have a significant impact or effect on the environment, people and/or property
C3 Minor	Potential to have a minor or minimal impact or effect on the environment, people and/or property
C4 No environmental impact	Non-compliance at a regulated site that cannot foreseeably have any impact on the environment, people and/or property

If your assessment result in Section 1 is suspended, what does this mean?

In line with our guidance, we may suspend non-compliance for up to six months to allow time for remedial action to be taken. These will be re-instated if the action is not completed.
