Dear Mr Jenkins

MARINE AND COASTAL ACCESS ACT 2009: PART 4 – MARINE LICENSING

LICENCE FOR **Natural Resources Wales to perform Chapel Reen Outfall repairs**

LICENCE NUMBER: **CML2422**

I am writing to advise you that the Marine Licensing Team, on behalf of the Welsh Ministers, as Licensing Authority, has considered your application, dated **02 April 2024** for a Marine Licence under Part 4 of the Marine and Coastal Access Act 2009, and hereby grant a Marine Licence for you to undertake the above stated works.

Accordingly, please find attached for your review and retention a copy of Marine Licence **CML2422** and its conditions.

Advisory Note

The Glamorgan Gwent Archaeological Trust (GGAT) has also advised that the works are undertaken with care and do not disturb the remains of the Fishers Gout feature. The Historic Environment Record is not definite and it is possible that unrecorded sites may be present or encountered during works. Therefore, the GGAT advises that the proposed works avoid damage to any historic environment features that may be extant in the area, including structures, earthworks, boundaries, ditches, or other landscape and historic woodland management features. Additionally, the GGAT should be contacted in the event that any other remains be encountered (as per Condition 3.20) to provide further advice.

Marine Licence, **CML2422**, constitutes a statutory consent; therefore, the conditions set out herein must be complied with in full and will be binding upon any agent or contractor who undertakes any activity on the project on your behalf.

You are urged to read the conditions of Marine Licence **CML2422** carefully, in particular the need to advise Welsh Government Marine Enforcement Officers of the commencement of works within **10 days** prior to work starting.

Marine Licence, **CML2422** is solely granted for the work to be undertaken at **Goldcliff**; however, it does not absolve you from applying for further consents or licences as necessary to enable the full completion of your project.

If the works authorised by this Licence are unlikely to be completed by the expiry date, the Licence Holder should apply for a replacement marine licence **at least 4 months** prior to the expiry date of this Licence.

Should you require clarification as to the reasons for the inclusion of any of the conditions attached to the Licence then you must request written notice within 28 days of the receipt of this letter.
