List the condition(s) of your marine licence that you are looking to discharge, including any monitoring reports. Please include the condition number and condition text.

3.22 Cable protection report

The Licence Holder must provide to the Licensing Authority the following information within 4 months of completion of the licensable activity for written approval:

(i) The final locations (in WGS84), types, and quantities of cable protection used, deposited, or installed, and

(ii) Identification of potential dangers to navigation

In the event that any potential danger to navigation is identified following the completion of the licensable activities the Licence Holder must propose measures to ensure the safety of navigation in writing to the Licensing Authority for written approval. The measures must be implemented as approved.

Please provide a description of your request e.g. Construction Environment Management Plan submitted for approval prior to commencement of works/ submission of annual monitoring report for approval

Cable Protection Report submitted for approval after the completion of licensable activities.
