1. Working out your charges (you must complete this section)

You have to submit an application fee with your application. You can find out the charge by looking at our [current environmental permitting charging scheme](#). This can be found on our 'How we regulate you' webpages.

Please remember that the charges are revised on 1 April each year and that there is an annual subsistence charge to cover the costs we incur in the ongoing regulation of the permit.

From 22nd January 2024 you will need to use our new Charge Banding Tool to calculate the charge for all Tier 3 permits. This has replaced Opra as the tool to calculate application charges.

The charge banding tool includes charges for additional activities that are within the same permit for:

- Part A2 or Part B activities,
- Medium Combustion Plant (MCP) or specified generator

Waste activities that would need a permit if they are stand-alone are also now included within the charge banding tool.

We have included an example below to help you complete the table.

- The Tier 2 charge example is for an application for a 'New standard rule' permit.
- The Tier 3 charge example is for an installation based charge calculated using our Charge Banding Tool. The charge banding tool can be found on our website and contains the guidance that you will need to populate the tool.

1a. Type of application	Variation of an existing permit
--------------------------------	--

1b. Tier 2 Standard Rules Permits

Tier 2 facilities	Charge for each facility (£)	Number of facilities	Charges due (£)
EXAMPLE - SR2009/No.2 Low impact Part A installation	1,669.00	1	1,669.00

1c. Tier 3 Bespoke Permits - Charge Banding Tool

If you are completing an application for a Tier 3 permit, you will need to complete our [Charge Banding Tool](#) to calculate the application charge.

You will need to send us a copy of your completed charge banding tool spreadsheet with your application.

Charge for your application taken from the Charge Banding Tool	Charge for each facility (£)	Number of facilities	Charges due (£)
--	------------------------------	----------------------	-----------------

	£15825	1	£15825

1d. Calculating your subsistence charge - Operational Risk Appraisal Tool (Opra)

You will need to complete an Opra spreadsheet with your new application to allow us to calculate your associated annual subsistence charge.

You will need to complete an Opra spreadsheet to accompany your application for a variation or transfer. For variations, we would need a completed Opra spreadsheet that reflects the situation on the site once your permit is determined.

We will need to receive your completed Opra spreadsheet before we can issue your permit. The spreadsheet can be found on our website, [here](#).

7. Declaration

You must read this section before making the declaration and sending your form to us.

For transfer applications - Both you and the person receiving the permit must make the declaration.

Section 7d must be completed by the current holder *and* Section 7e must be completed by the proposed new holder.

A relevant person should make the declaration. You must be a relevant person or have the authority of a relevant person to sign this application on their behalf.

Relevant people means each applicant, and in the case of a company, a director, manager, company secretary or any similar officer or employee listed on current appointments in Companies House. In the case of a Limited Liability Partnership (LLP), it includes any partner. If the permit holder is an organisation of individuals, each individual (or individual trustee) must complete the declaration.

To simplify and speed up the application process we recommend that the declaration is filled in by an officer of a company or one of the partners in a Limited Liability Partnership (LLP).

If you wish a manager, employee or consultant etc. to sign the declaration on behalf of a relevant person, we will need written confirmation from a relevant person; that is, an officer of the company, a partner in the LLP or the individual, confirming that the person has the authority to fill in the declaration.

If you are joint permit holders you should each fill in your own declaration. We have provided extra spaces for this below. Please send in a separate sheet with your application if you need more room for signatories.

Where the operator is the subject of any insolvency procedure, the declaration must be filled in by the official receiver/appointed insolvency practitioner.

7a. Are you signing the form on *behalf* of a relevant person?

If you are *not* a relevant person, but want to sign the application on their behalf, you must include confirmation that you can do this.

I have included written confirmation from a relevant person to confirm I ☐ can sign on their behalf.

7b. Does your application include a standard facility?

If your application includes a standard facility, you also need to confirm that you are able to meet all relevant criteria of the standard rule set/sets for which you are applying.

I confirm that my standard facility will fully meet the rules that I have applied for.

7c. Does your application include ecological survey information?

If your application includes ecological survey information, please see the guidance notes on part F1 and tick the box below to confirm that you have no issue with us using information from any ecological survey you have supplied with your application.

I confirm I am happy for the ecological survey information I have supplied to be used as set out in the guidance. ☒

7d. Declaration

If you're transferring the permit, the current holder or holders should sign this section of the declaration, and the proposed new holder or holders of the permit should sign the declaration in section 7e.

If you knowingly or recklessly make a statement which is false or misleading to help you get an environmental permit (for yourself or another person), you are committing an offence under the Environmental Permitting (England and Wales) Regulations 2010 (as amended).

I declare that the information in this application is true to the best of my knowledge and belief. I understand that this application may be refused or approval withdrawn if I give false or incomplete information.
