

# HIPPOWASH

...the wheelwash that swallows the mud

## Hippowash® ELITE

### Wash Platform

Length	6.00 metres
Width	3.30 metres
Height	0.40 metres
Sump	750mm x 750mm
Sump Depth	750mm
Weight	6.00 tonnes
Finish	Shotblast 3 coat
Sidescreen Height	2.25 metres
Sidescreen Finish	Galvanised

### Spray Nozzles

Size	5/7mm aperture
Number	131
Flow rate per Nozzle	20 litre/min
Pressure at Nozzle	4.5 bar (68psi)
Material	Solid brass

### Pump Station / Header Tank

Length	3.00 metres
Width	2.00 metres
Height	2.00 metres
Weight (empty)	2.1 tonnes
Weight (full)	10.1 tonnes
Header Capacity	8,000 litres
Finish	Shotblast 3 coat 2 Pack Primer 2 Pack Gloss

### Entry/Exit Ramps (4)

Length	5.100 metres
Width	1.30 metres
Height	0.40 metres
Weight	1.20 tonnes each
Finish	Hot dip galvanised

### Wash Pump

Power Rating	22kW
Flow Rate	1600 litres/min
Pressure	7 bar (103 psi)

### Submersible Slurry Pump with silt agitator

Power Rating	4.0kW
Flow Rate	1600 litres / min

### Handlance

Power Rating	3.0kW
Flow Rate	75 litres / min
Pressure	14 bar (203 psi)
Hose length	30.00 metres

### SILTEATER Waste Water Clarifier

Length	5.7 metres
Width	1.5 metres
Height	4.5 metres
Weight (full)	15 tonnes
Weight (empty)	4 tonnes
Settlement capacity	equivalent to 120m <sup>2</sup>
Finish	2 Pack Primer 2 Pack Gloss

### Warranties

Steel work	5 years
Pumps and Controls	12 months
	Manufacturer's guarantee, extendable to 3 years

### Power Requirement

Mains Electric	415 volt 3 phase neutral + earth
Supply	63 Amps
Generator	45 KVA
Type of start	Inverter

### Requirements of Customer

- Suitable base / excavation to be prepared to site Hippowash unit—flat level hardstanding / concrete base (16m x 3.3m)
- Sump excavation 750mm x 750mm x 750mm
- Flat, level hardstanding / concrete base for **SILTEATER** Waste Water Clarifier (10m x 2m)
- Periodic emptying of **SILTEATER** Waste Water Clarifier
- 28,000 litres clean water available at start of installation to charge system
- Customer-appointed electrician to gland and connect power to control panel
- Facility for water top-up into header tank
- 1" - 2" mains water supply
