Section 1 – Compliance Assessment Summary

This is based on the requirements of the permit under the Environmental Permitting Regulations or the licence under the Water Resources Act 1991 as amended by the Water Act 2003. A detailed explanation is captured in "Compliance Assessment Report Detail" (Section 2) and any actions you may need to take are given in the "Action(s)" (section 4). This summary details where we believe any non-compliance with the permit has occurred, the relevant condition and how the non-compliance has been categorised using our Compliance Classification Scheme (CCS). CCS Scores can be consolidated or suspended where appropriate, to reflect the impact of some non-compliances more accurately. For more details of our CCS scheme, contact your local office.

This CAR Forms reviews the Schedule 5 Notifications between 21st May 2019 and 18th September 2019

29th May 2019 – Fugitive Clinker Dust

1st July 2019 – Limestone Dust

6th – 9th July 2019 – Clinker dust from Cooler Tubes

18th July 2019 – Clinker Dust from Kiln Trip

21st August 2019 – Clinker Dust Kiln Stop

24th August 2019 – Clinker Dust Kiln Start up

29th August 2019 – Clinker Dust from Clinker Shed Door

17th -18th September 2019 – Clinker dust from cooler tubes crack

As outlined in previous complaints received and Schedule 5 Notifications where there is or has been issues on site that have or had the potential to cause a dust complaint as per Section 3.2.1 of your Permit.

As detailed in CAR Form (CAR_NRW0034946) issued to you on the 8th April 2019 where we discussed agreed action plans where we can potentially suspend CCS Scores for dust emissions for a specific project that are time limited. Currently there is no formal agreed action plan, therefore the following Permit non-compliances are being issued.

During this period there seems to be a few issues:

1. Start up and shut downs of the Kiln
2. Cooler Tubes dust release
3. Clinker Shed door repairs
4. Limestone Dust

Therefore, NRW will be issuing four Permit Non-compliances, a CCS 3 for each of the above dust contributors. Please note these non-compliances will cover dust complaints between 21st May 2019 and 18th September 2019.

NRW note that Tarmac have committed to reducing these dust emissions and CAPEX has been agreed to improve operations.
