These authorities should receive the notice of commencement of works through the notice to mariners (condition 3.1.3); however, we advise you contact these authorities to ensure notifications are received.

NRW Advisory has indicated that, from a health and safety perspective, the headwall adjacent to the road bridge is a Welsh Waters discharge outfall where untreated sewage may be discharged, intermittently.

NRW Advisory also advise against working in the wet due to the downstream siltation which it will cause as well against using flood lights over the river at to protect the watercourse's fish interests.

Finally, NRW Advisory requests that the you notify the NRW Neath Port Talbot Environment Team (npt.et@cyfoethnaturiolcymru.gov.uk) of the start date of any in-river works
