Brief description of licence variation that is required. (Identify licence condition numbers and reference the supporting documents within your current licence which are likely to be affected)
Our current Licence (CML2328v1) is due to expire 30/11/2024. Our client (DCWW) has requested that due to funding, we seek to request an extension until 30/11/2025 so that the works can be planned to be undertaken next year (2025). The works require Low Spring Tides and so we would plan to undertake the works (subject to funding from DCWW) around the March/April or September low tidal equinox periods (subject to suitable weather conditions).
