Company or trading name: Greenlink Interconnector Limited
Telephone number: 0861966409
Email: patrick.hanrahan@greenlink.ie

Agent details:

Does the licence holder wish to be included in all correspondence?

Yes

List the condition(s) of your marine licence

List the condition(s) of your marine licence that you are looking to discharge, including any monitoring reports. Please include the condition number and condition text.

CML1929 Marine Licence - Wales "Section 3 - Conditions Pollution control" 3.23 - Dropped Objects

Please provide a description of your request e.g. Construction Environment Management Plan submitted for approval prior to commencement of works/ submission of annual monitoring report for approval

During the installation campaign of the HDPE ducts at the Freshwater west landfall, DSV Pompei was deployed to assist with both diving works and the push/pull operations. To accommodate this, the vessel was moored on a 4 point mooring.

However due to adverse weather conditions, the buoys parted from the two anchors and whilst numerous attempts were made to locate and recover the anchors as described in section 4 of Annex A these were unsuccessful with the anchors being completely buried beyond a practical depth that can be detected, let alone recovered.

The Navigational Risk assessment in Annex A demonstrates that these anchors are not a risk to Navigation and as such no further efforts to either locate or recover these will be made.

List all supporting information submitted for this request
