Brief description of licence variation that is required. (Identify licence condition numbers and reference the supporting documents within your current licence which are likely to be affected)
Cemex's contractor "Topbond" is planning to carry out the jetty repair works to start in October for 12 weeks, mainly replace the existing wooden timbers and fenders on the piles. Also, we have to carry out an inspection after the repairs is completed. We are afraid that we might a bit overrun, as sometimes the works depends on the weather as well. Therefore, we would like to request for extension of our permit No. CML2123 for 1 month to make sure we have a valid permit on hand to complete all the works.
