Subject: Marine License Application (MCGA) - MWC1670 River Afon Lliedi, Old Castle Road - Response

[CAUTION] This email is from an external source - please take care when accessing any links or opening attachments. Report any suspicious emails to IT@amcogiffen.co.uk

Dear Rebekah,

Thank you for the information regarding the proposed works at MWC1670 River Afon Lliedi, Old Castle Road, Llaneli.

We note that the works are minor repairs including repointing to deteriorated mortar on the bridge soffit, wing-wall and spandrels using manual tools. We also note that this will take place as soon as possible over five days at low tide.

On the understanding that the following takes place, the MCA would have no significant concerns to raise with regards to the safety of navigation and would be satisfied that the risk is relatively low on this occasion:

1. All maritime safety legislation is complied with;
2. Local notification is issued to marine users, including local boat and angling clubs, relevant authorities and other local stakeholders, to ensure that they are made fully aware of the activity at least five days before commencement of the works;
3. A notification must be sent to The Source Data Receipt team, UK Hydrographic Office (email: sdr@ukho.gov.uk) of commencement of the licensed activities, at least 10 days before commencement of the works. The information supplied must include the start date and end date, a description of the works, positions of the work area (WGS84), and details of any marking arrangements.
4. If using machinery land side in the intertidal area at low tide, ensure suitable bunding and/or storage facilities are installed to contain and prevent the release of fuel, oils, and chemicals associated with plant, refuelling and equipment, into the marine environment.

Please can you confirm that you accept the above risk mitigations?

Kind regards,

Jo Cooke

Good afternoon,

We have been contracted by Network Rail to carry out repairs to a railway bridge over the River Afon Lliedi, Old Castle Road, Seaside, Llanelli, Carmarthenshire, Wales, SA15 2SY (NGR: SS 50016 99820).

As this location falls within the Welsh Marine inshore area, I'm in the process of applying for a Marine Licence. As per Licence requirements, I need to gain confirmation from the MCGA that you have no concerns relating to the proposed works and I would be very grateful if you could review my request.

I have attached a copy of the method of work for your information. The works will be carried out via scaffold and rope access from the bridge.

Control measures will be in place to ensure that no polluting materials enter the water course.

If you require any further details, please do not hesitate to contact me. Otherwise, I look forward to receiving your response.

Best wishes,

Rebekah
