Please provide a description of your request e.g. Construction Environment Management Plan submitted for approval prior to commencement of works/ submission of annual monitoring report for approval

- Removal of intertidal works (as no works will be undertaken in this location for the initial device deployment.)
- Removal of references to water sampling and CTD samples. This has been removed as it is not a condition of the Marine Licence and due to budgetary constraints.
- Following consultation with RCAHWW, a minor alteration to wording to confirm that magnetometer data will be made available for archaeological purposes.
