Type of assessment carried out: Report/Data Review, Reason: Routine.
On 09/10/2024.

Parts of permit assessed: All

NRW Lead Officer: Owen Caughlin.

Report sent to: Operational Supervisor, Operational Supervisor, on 09/10/2024.

1. Summary of our findings (full details in section 4)

Part of permitted activity assessed (criteria)	Assessment result	Permit condition
WQ-B2 - Water Quality - Operations - The site	Action only (X)	

Result types are explained in more detail in the 'Important Information' section below.

2. What action is required?

Criteria	Action needed	Complete by
WQ-B2	Provide information requested below	31/12/2024

Action criteria codes are listed in the 'Important information' section below.

3. What will happen next?

Any non-compliance we have identified and recorded on this form is an offence. It can result in criminal prosecution and/or suspension or revocation of your permit.

At this time, we do not intend to take any further action.

This statement does not stop us from taking additional enforcement action if further relevant information comes to light or offences continue.

4. Details of our assessment

As a result of discussions held during a recent inspection at Afan WWTW and subsequent incident affecting Afan WWTW and Abbey SPS, officers have had cause to consider the dual power supplies at these sites.

Ref for Afan WWTW Inspection CAR_NRW0045325

Officers require clarification on the nature of the dual power supply at Abbey SPS (required under permit), as such please could you provide the following information by 31/12/2024;

1. A detailed description of the dual power arrangement.
2. A map or schematic identifying the points on the power grid from which the two sources.
3. Confirmation/evidence from the power provider/network operator of the above arrangement.
4. Consider the feasibility of providing backup power for the overflow screens (at Afan WWTW) and feedback on this.

With regard to point 4, we would welcome a wider discussion on power once the above information has been received and are happy to receive this information in one 'pack' with that from the above referenced CAR form for Afan WWTW.

ENDS.

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.

Important information

Legal status of this report

Your permit is issued to you under the Environmental Permitting Regulations. You have a responsibility to comply with the conditions of your permit and prevent pollution/harm to the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice
- review the conditions of your permit.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

Assessment results and non-compliance categories (used in section 1):

Assessment result	Description
Assessed (A)	Assessed or assessed in part, no evidence of non-compliance found
Action only (X)	Action only relating to the activity assessment
Ongoing (O)	Ongoing non-compliance, not scored

Non-compliance category	Description
C1 Major	Potential to have a major, serious, persistent and/or extensive impact or effect on the environment, people and/or property
C2 Significant	Potential to have a significant impact or effect on the environment, people and/or property
C3 Minor	Potential to have a minor or minimal impact or effect on the environment, people and/or property
C4 No environmental impact	Non-compliance at a regulated site that cannot foreseeably have any impact on the environment, people and/or property

If your assessment result in Section 1 is suspended, what does this mean?

In line with our guidance, we may suspend non-compliance for up to six months to allow time for remedial action to be taken. These will be re-instated if the action is not completed.
